| Eje 01. BIENESTAR SOCIAL Y CALIDAD DE VIDA       |                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                          |
| Programa 01. Bienestar Social y Calidad de Vida. | Garantizar el bienestar social de las y los quintanarroenses en situación de pobreza, marginación y vulnerabilidad para mejorar su calidad de vida.                                                    | Implementar mecanismos de participación social con otras instancias y asociaciones para lograr un trabajo multidisciplinario e interinstitucional, creando programas que atiendan los principales indicadores de pobreza, que nos permita aumentar los beneficios y ayudas para la ciudadanía en situación de vulnerabilidad.                                                     | Disminuir tres puntos porcentuales el indicador de población en situación de pobreza, conforme a la medición multidimensional que realiza el Consejo Nacional de Evaluación de la Política de Desarrollo Social (CONEVAL) cada dos años. |
| Programa 02. Educación para el Bienestar.        | Incrementar el ingreso, permanencia y egreso de las niñas, niños, adolescentes, jóvenes y personas adultas mayores a una educación de excelencia en las diferentes opciones, modalidades y niveles.    | Aumentar la atención educativa en las diferentes opciones, modalidades y niveles.                                                                                                                                                                                                                                                                                                 | Implementar acciones estratégicas que permitan una educación integral y de excelencia.                                                                                                                                                   |
| Programa 03. Salud para todos.                   | Garantizar a la población sin seguridad social de Quintana Roo la difusión, promoción y acceso a los servicios de salud y asistencia social con calidad.                                               | Articular y fortalecer el funcionamiento de la infraestructura, equipo médico, tecnologías de la información y comunicaciones; recursos humanos para la producción de servicios de atención médica especializada y operación de programas de salud y asistencia social para prevenir, detectar y atender necesidades en salud de la población no derechohabiente de Quintana Roo. | Reducir en 92 puntos porcentuales el porcentaje de población en condición de carencia por acceso a servicios de salud.                                                                                                                   |
| Programa 04. Bienestar Familiar.                 | Mejorar las condiciones de vida de las familias a través de modelos de intervención que promuevan su sano desarrollo, la integración de niñas, niños, adolescentes y jóvenes y su protección integral. | Desarrollar modelos de intervención y servicios teniendo como función principal la prevención, la atención, la protección y la corresponsabilidad social.                                                                                                                                                                                                                         | Mejorar al 100% la calidad de vida de niñas, niños, adolescentes, mujeres, personas mayores, personas con discapacidad, y migrantes, atendidos y protegidos con servicios apropiados acorde a sus necesidades.                           |

| GOBIERNO DEL ESTADO DE QUINTANA ROO                           |                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Programa 04. Bienestar Familiar.                              |                                                                                                                                                                                                                                                                                                                                                                    | Fortalecer y crear canales de comunicación; considerando actividades y acciones dirigidas a los jóvenes, y permitiendo adquirir habilidades y herramientas, sin ningún tipo de discriminación, buscando mejorar su calidad de vida.                                                                                   | Implementar estrategias innovadoras de atención a la juventud, en los 11 municipios del estado, para contribuir a la reducción de carencias sociales en las que se encuentran 286,300 jóvenes, que representan el 484% de todos los que radican en Quintana Roo, en el rango de edades de 12 a 29 años (CONEVAL, 2020) y con ello coadyuvar a mejorar su calidad de vida, al concluir la administración en el 2027, buscando lograr beneficiar el 80% de dichos jóvenes con carencias sociales. |
| Programa 05. Cultura Física y Deporte.                        | Promover la cultura física y el deporte de manera inclusiva, recreativa y formativa, fortaleciendo la competencia deportiva de la población de Quintana Roo.                                                                                                                                                                                                       | Coordinar la realización y participación de eventos que propicien la práctica de una cultura física y el deporte en la población en general, con el fin de favorecer su adherencia de forma inclusiva, recreativa y formativa.                                                                                        | Posicionar a Quintana Roo entre los 5 primeros lugares del medallero general de los Juegos Nacionales de la CONADE.                                                                                                                                                                                                                                                                                                                                                                             |
| Programa 06. Pueblos y Comunidades Indígenas y Afromexicanas. | Mejorar la igualdad entre mujeres y hombres, del pueblo maya, comunidades indígenas y afromexicanas para el ejercicio pleno de sus derechos y su desarrollo individual, así como la calidad de vida de las personas que se encuentran en situación de pobreza y marginación, para garantizar mejores condiciones de aprendizaje de calidad en la educación básica. | Generar y emprender acciones afirmativas orientadas a establecer condiciones de igualdad de oportunidades entre mujeres y hombres quintanarroenses; desarrollando políticas públicas focalizadas para la atención de las necesidades más apremiantes de las comunidades indígenas y afromexicanas.                    | Incrementar en 7% de la población indígenas del estado con información sobre sus derechos fundamentales.                                                                                                                                                                                                                                                                                                                                                                                        |
| Programa 07. Autonomía Plena de las Mujeres.                  | Lograr la plena autonomía de las mujeres quintanarroenses con un enfoque integral e interrelacional para hacer efectivo su derecho a la igualdad sustantiva y a una vida libre de violencia y discriminación.                                                                                                                                                      | Combatir los tipos y modalidades de violencia contra las mujeres, facilitar su acceso al bienestar social, posicionar su participación igualitaria en los ámbitos de toma de decisiones y potenciar su autonomía económica, desde la perspectiva de género, derechos humanos, intersectorialidad y multiculturalidad. | De aquí al 2027, posicionar a Quintana Roo entre los diez estados con menor porcentaje de mujeres de 15 años y más que viven violencia de pareja, entre los cinco estados con mayor tasa de participación económica de las mujeres y el estado que logra una participación paritaria de las mujeres en el ámbito de la toma de decisiones.                                                                                                                                                      |

| GOBIERNO DEL ESTADO DE QUINTANA ROO                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Programa 09. Seguridad Ciudadana y Justicia Social. | Reducir la debilidad social asociada con la falta de información, herramientas y habilidades para hacer frente a la violencia y delincuencia, con la participación activa y en corresponsabilidad de la ciudadanía, para la prevención del desorden, violencia y delincuencia y la construcción de comunidades seguras en Quintana Roo con el objetivo de garantizar la seguridad patrimonial y personal de todas las personas que habitan y transitan en el Estado. | Fomentar bienestar de la ciudadanía y fortalecer la cultura de legalidad, autoprotección y denuncia, que prevengan la comisión de un delito, así como la solución de conflictos, estableciendo esquemas de inclusión y participación con organizaciones de la sociedad civil, asociaciones o redes comunitarias, instituciones de gobierno estatales y municipales que permitan reducir la incidencia de violencia y delincuencia en el Estado. | Se pretende disminuir un 35% de la percepción de la inseguridad por año para lograr la posición del onceavo lugar en 5 años Subiendo dos posiciones por año. Se pretende reducir la tasa de incidencia delictiva en el Estado un 35 % por cada año, logrando reducir un total de 175% de la incidencia delictiva al 2027. Se pretende disminuir un porcentaje del 15 por año logrando disminuir un 75 en 5 años obteniendo un porcentaje del 838 para el Ejercicio fiscal 2027. Disminuir 047% por año, 239% en 5 años Lograr la posición 15 con 2068, subiendo 1 por cada año. |

| Programa 13. Desarrollo Económico Inclusivo.    | Posicionar al estado como un polo emergente de desarrollo industrial y comercial mediante el impulso a la diversificación productiva, fortaleciendo la permanencia y crecimiento de las micro, pequeñas y medianas empresas, la creación de empresas industriales, logísticas y de comercio exterior, estimulando su productividad y mejoramiento de sus capacidades productivas, de innovación, y gestión eficiente de sus negocios, promoviendo el uso de las tecnologías de la Información y comunicaciones para modernizar e incrementar la competitividad del estado, apoyando su acceso a fuentes de financiamiento y su integración en cadenas de suministro que les permitan participar en mercados más amplios y rentables con la promoción de los productos locales y la atracción de inversiones hacia el estado. | Promover la mejora en la productividad, calidad de los productos y gestión interna de las micro, pequeñas y medianas empresas, así como, su inserción en los mercados regionales, nacionales e internacionales mediante acciones que faciliten su acceso a activos productivos, a financiamiento en condiciones favorecedoras y al fortalecimiento del capital humano disponible.          | Incrementar en 13% la participación del estado en el PIB Nacional. Incrementar en 15% el número de empresas formales en la entidad. Incrementar en 10% el emprendimiento de mujeres en la entidad. Incrementar en 10% la participación de la Industria Manufacturera en el PIB Estatal. Avanzar dos lugares hasta la posición 26 en el Subíndice de Innovación y Sofisticación de los Sectores Económicos. Aumentar en 25% el porcentaje de expedientes presentados a la Junta de Gobierno que se formalizan mediante actos de dominio sobre inmuebles de dominio privado del Estado. Aumentar un 150% el número de proyectos gestionados, dictaminados o inscritos a un mecanismo de financiamiento. |

| Programa 16. Desarrollo Agropecuario y Pesquero.         | Incrementar anualmente la actividad económica del sector primario del estado de Quintana Roo conformada por la agricultura, la fruticultura, la horticultura, la apicultura, la ganadería, la agroindustria, el desarrollo rural, la acuacultura, la pesca y el aprovechamiento forestal para mejorar los ingresos y calidad de vida de los y las productoras.                                                          | Atender constantemente las necesidades de los y las productoras del sector primario para implementar y gestionar programas y acciones en el campo que conlleven la dispersión de capital económico y humano como herramienta para trabajar con nuestros productores y productoras mediante capacitación, asistencia técnica y la coinversión que permita contribuir en la atención de sus necesidades e incrementar la producción y los ingresos del sector. | Aumentar a 128 el índice de volumen físico.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Eje 04. MEDIO AMBIENTE Y CRECIMIENTO SUSTENTABLE         |                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Programa 17. Desarrollo Urbano Incluyente y Sustentable. | Conducir y orientar al estado hacia el crecimiento sustentable, con un territorio integralmente planeado y regulado bajo un marco normativo actualizado, que propicie espacios públicos incluyentes, vivienda digna y entornos ambientales que permitan mejorar la calidad de vida de las y los quintanarroenses.                                                                                                       | Diseñar, implementar y evaluar las políticas y programas que impulsen y regulen el territorio, dignificando el espacio público, la vivienda y el suelo urbano.                                                                                                                                                                                                                                                                                               | Lograr un Quintana Roo planificado a partir de un marco jurídico moderno, que armonice los planes y programas de manera integral, para contar con un territorio equilibrado, equitativo, inclusivo y resiliente acorde a las necesidades de su población.                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Programa 18. Medio Ambiente y Sustentabilidad.           | Impulsar un crecimiento sostenible bajo en carbono alineado con la Agenda 2030, basado en la conservación de nuestra riqueza natural, con enfoque territorial y de derechos humanos, mediante una responsabilidad compartida de acuerdos y compromisos colectivos con soluciones basadas en la naturaleza, que sea cercano, incluyente, participativo y con bienestar para todos, en un entorno libre de contaminación. | Promover, a través de los instrumentos de planeación territorial y políticas públicas transversales, un desarrollo integral, equilibrado y sostenible, con apego al Estado de Derecho, que fomenten la conservación, protección y monitoreo de ecosistemas y la biodiversidad, con un crecimiento ordenado, considerando la inclusión social y mejorando la calidad de vida de las y los quintanarroenses.                                                   | Contar con instrumentos de política ambiental, que regulen el 100% del territorio quintanarroense con criterios de sustentabilidad y sostenibilidad, en la zona costera, las áreas naturales protegidas y de aprovechamiento forestal, así como fortalecer la gestión integral de residuos, la prevención de la contaminación por fuentes móviles y fijas, la evaluación del impacto ambiental, el aprovechamiento de fuentes de energías renovables y el monitoreo de medidas de mitigación y adaptación ante el cambio climático con soluciones basadas en la naturaleza, pensando en la salud única, que incluye un medio ambiente sano, no solo para la ciudadanía sino |

| GOBIERNO DEL ESTADO DE QUINTANA ROO             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                              |

|                                                 |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                           | también para los ecosistemas y la vida silvestre.                                                                                                                                                                                                                                            |
| Programa 19. Infraestructura para el Bienestar. | Garantizar el desarrollo sustentable del estado a través de la implementación de programas de infraestructura que mejoren la conectividad de las regiones, el bienestar social de las familias, la diversificación económica y la generación de empleos.    | Implementar programas de modernización y conservación de la infraestructura carretera, portuaria y aeroportuaria, que permita conectar de manera ágil y segura habitantes y visitantes del estado, así como la implementación de programas de infraestructura urbana sustentable, mejora de los espacios públicos y de promoción del transporte limpio, que promuevan la cohesión social y el cuidado del medio ambiente. | Mejorar la posición del estado a nivel nacional en materia de infraestructura para impulsar la conectividad de las regiones y el bienestar social de las familias.                                                                                                                           |
| Programa 20. Movilidad y Transporte.            | Garantizar la planeación del territorio y las ciudades, priorizando las actividades cotidianas de las personas y su proximidad geográfica, contemplando el desplazamiento de mercancías en función de las vocaciones territoriales.                         | Elaborar propuestas con base en zonas de oportunidad en materia de planeación y seguridad vial, con el fin de contar con una agenda de trabajo acorde a las necesidades de movilidad y transporte de cada región.                                                                                                                                                                                                         | Elaborar los Instrumentos de Planeación de Movilidad y Seguridad Vial en el Estado.                                                                                                                                                                                                          |
| Programa 21. Agua para Todas y Todos.           | Garantizar el acceso a servicios de agua potable y saneamiento, de manera eficiente, accesible y sustentable para quienes habitan las zonas urbanas y rurales del estado a fin de mejorar su calidad de vida e incentivar su desarrollo económico y social. | Incrementar la inversión pública y privada para proyectos de infraestructura hidráulica integral en coordinación con la federación y los municipios con un enfoque sostenible.                                                                                                                                                                                                                                            | Ampliar en 25 puntos porcentuales la Cobertura Global de Agua Potable en el Estado, aumentando las redes de distribución.                                                                                                                                                                    |

Gobernanza.                                           |                                                                                                                                                                                                                                                                                                                                                                                                                      | Operar los medios masivos de comunicación, plataformas digitales y redes sociales para producir y difundir contenidos que brinde información oportuna, certera y veraz, para la promoción del desarrollo del estado de Quintana Roo.                                                                                                                                                | SIN META.                                                                                                                                                                                                                                                  |
| Programa 23. Transparencia y Combate a la Corrupción.              | Consolidar políticas públicas en materia de transparencia, acceso a la información y combate frontal a la corrupción, que permitan el fortalecimiento de la Administración Pública, así como la apertura gubernamental, con pleno respeto a los derechos humanos, mediante un enfoque integral, bajo una visión sistémica, estructural y cultural en el que inciden la sociedad e instituciones públicas y privadas. | Implementar acciones para fortalecer las capacidades institucionales de la Administración Pública Estatal en beneficio de la sociedad, mediante el uso eficiente y transparente de los recursos públicos, siendo administrados con austeridad, orden, control y disciplina financiera.                                                                                              | Incrementar a 045 la participación desde la perspectiva gubernamental en el estado. Incrementar el Componente de Acceso a la Información desde la perspectiva Ciudadana 072. Disminuir en un 10% la percepción sobre la frecuencia de actos de corrupción. |
| Programa 24. Administración eficiente de los recursos y servicios. | Garantizar que las dependencias, entidades y organismos del Gobierno del Estado cuenten con los recursos humanos y materiales necesarios a fin de que puedan cumplir con sus metas y objetivos, atendiendo las directrices establecidas en el Plan Estatal de Desarrollo 2023-2027.                                                                                                                                  | Adquirir, suministrar y administrar de manera responsable y objetiva, bajo los principios de transparencia, austeridad, eficacia, legalidad y optimización, los recursos humanos y materiales, así como los servicios que soliciten las dependencias, entidades y organismos para el cumplimiento de sus funciones y responsabilidades, en beneficio de las y los quintanarroenses. | SIN META.                                                                                                                                                                                                                                                  |
| Programa 25. Austeridad y Fortalecimiento Hacendario.              | Fomentar y garantizar una política hacendaria integral, que promueva el crecimiento económico y la igualdad, que favorezca las actividades económicas y la estabilidad financiera en el estado de Quintana Roo bajo un modelo sustentable y transparente.                                                                                                                                                            | Implementar programas y proyectos que fortalezcan lazos con los tres niveles de gobierno con la finalidad de incrementar los ingresos estatales y federales y con ello promover mejores programas sociales dirigidos a las y los quintanarroenses.                                                                                                                                  | Incrementar los ingresos totales percibidos en el Estado de Quintana Roo con un aumento constante de forma anual superior al 2%, para que en un plazo de 5 años. Lograr incrementar en un 10% los ingresos totales en el periodo 2022 - 2027.              |

| 1. Las Percepciones totales nominales previstas en el presente tabulador, representan los importes brutos mensuales, mínimos y máximos de sueldos y prestaciones básicas nominales, las cuales se encuentran sujetas a las deducciones de ley, establecidas en el artículo 96 de la Ley del Impuesto Sobre la Renta, así como del ISSSTE y demás normas aplicables en la materia.                                                                                                                                                                                                                                                                                                                        |
| 2. Los puestos agrupados dentro de una misma Denominación de referencia cuentan con características generales compartidas (considerando al puesto como un todo), representado en niveles (o grados predeterminados) dentro de la clasificación del tabulador salarial.                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 3. La denominación específica de los puestos de los Titulares de Entidad se ajustará a lo dispuesto en su decreto, ley o acuerdo de creación correspondiente.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 4. Los niveles y rangos tabulares para los puestos de Titulares de Entidad indican los montos máximos de remuneración que estos podrán percibir, sin detrimento de las entidades que cuenten con un tabulador federal o convenios específicos de colaboración federación/estado, quienes deberán apegarse a los montos en ellos establecidos.                                                                                                                                                                                                                                                                                                                                                            |
| 5. Los puestos del Nivel salarial 500 que se encuentran en la Escala de gestión Operativo de la Categoría Mando Medio, así como los puestos correspondientes a los Niveles salariales 600 al 1300, no estarán sujetos a la asignación de un Rango tabular de compensación, por lo que en su caso la asignación dependerá de la disponibilidad presupuestal y en su caso se deberá realizar el Esquema de valoración de puestos, así como de las demás disposiciones para su otorgamiento.                                                                                                                                                                                                                |
| 6. Rango Tabular: representa los rangos máximos tabulares asignados a los puestos de acuerdo a su clasificación funcional y nivel de responsabilidad.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| 7. El concepto vales de despensa de \$810.00 mensuales se otorga de manera general para los niveles del 1 al 1300 de confianza y del 5130 al 5010 de base, al personal al servicio del poder ejecutivo que se encuentra adscrito a la ciudad de México, o a los municipios de Cozumel, Isla Mujeres, Benito Juárez, Solidaridad, Puerto Morelos y Tulum, el monto equivalente será de \$820.00 mensual por el pago de concepto de vida cara                                                                                                                                                                                                                                                              |
| 8. Las prestaciones previstas para los servidores públicos sujetos a la ley de los trabajadores al servicio de los poderes legislativo, ejecutivo y judicial, de los ayuntamientos y organismos descentralizados del Estado de Quintana Roo, serán además de las fijas por tabulador, las contempladas en los Lineamientos para la Administración de los Recursos Humanos que deberán aplicarse en las Dependencias y Órganos Administrativos Desconcentrados del Poder Ejecutivo del Estado de Quintana Roo, mismas que estarán sujetas de aplicación según los criterios establecidos, así como aquellas actualizadas mediante los acuerdos concertados con los sindicatos en las minutas respectivas. |

9. \* Solo se le podra asignar el rango mas alto a los puestos cuyas funciones tienen impacto directo en distintas areas de trabajo con una visión multidisciplinaria, con responsabilidades transversales o manejo de recursos
