Congruencia con los Criterios Generales de Política Económica.

Los argumentos relativos a los indicadores y criterios, así como al entorno económico nacional e internacional, están fundamentados en lo expuesto en los Criterios Generales de Política Económica para la Iniciativa de Ley de Ingresos y el Proyecto de Presupuesto de Egresos de la Federación correspondientes al Ejercicio Fiscal 2025. El 15 de noviembre de 2024, el Ejecutivo Federal entregó al Congreso de la Unión el denominado Paquete Económico para el ejercicio fiscal 2025. Estos ordenamientos representan el esfuerzo que anualmente realiza el Poder Ejecutivo y envía al Congreso de la Unión para informar y solicitar la aprobación de los recursos económicos que serán distribuidos a todos los ejecutores de gasto federal. El Paquete se estructura en tres vertientes fundamentales:

- La Ley de Ingresos de la Federación
- El Presupuesto de Egresos de la Federación
- Los Criterios Generales de Política Económica

Estos tres documentos, incorporan una serie de políticas, criterios y disposiciones que deberán seguirse de acuerdo a la Ley Federal de Presupuesto y Responsabilidad Hacendaria. De manera complementaria se toma información específica emitida por la propia SHCP y/o alguna otra institución pública como el Instituto Nacional de Estadística y Geografía (INEGI).

Tal fundamentación se hace de conformidad con lo estipulado por la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios, que señala la consideración de los Criterios Generales de Política Económica para las estimaciones de ingresos y egresos en los presupuestos de las entidades federativas y los municipios.

En esta tesitura, primero es actualizar por inflación el monto asignado a Servicios Personales aprobado en 2024, se utilizará la tasa general anual de inflación publicada por el INEGI, y la estimación de cierre correspondiente al mes de diciembre de 2024, la cual es de 4.53%

Método Utilizado para la Proyección de Ingresos y Egresos.

Para la elaboración del Presupuesto de Egresos para el ejercicio Fiscal de 2025, se consideraron los presupuestos asignados de los ejercicios anteriores, así como del análisis y evaluación de las necesidades de las áreas jurisdiccionales y administrativas del Tribunal Superior de Justicia del Estado de Quintana Roo, contemplados en la integración del Presupuesto basado en Resultados 2025, que considera las problemáticas que circunvalan la adecuada implantación del escenario ideal que propicie las buenas prácticas en la administración e impartición de justicia en el Estado, en donde es indispensable que la distribución presupuestaria, se haga de acuerdo con la información en materia de evaluación del desempeño obtenida en el ejercicio fiscal inmediato anterior.

La asignación presupuestaria con base en los resultados obtenidos, es una acción importante para garantizar el cumplimiento de las metas de los indicadores de desempeño y la atención oportuna de las problemáticas prioritarias emergentes en el ciclo de operatividad programado para el Poder Judicial del Estado de Quintana Roo.

El Presupuesto de Egresos ordena las erogaciones por su objeto del gasto, según su naturaleza económica ya sea que sirva para mantener el proceso de operación corriente del Estado, o para mantener o expandir su escala de operación, es decir la infraestructura y patrimonio público. Por tanto, esta clasificación computa los gastos en dos categorías:

GASTO CORRIENTE: Son las erogaciones que efectúan las entidades de la administración pública para adquirir los servicios y bienes necesarios para mantener en funcionamiento el aparato gubernamental, sus instituciones, entidades y organismos. A esta clase de gastos corresponden las erogaciones por sueldos y salarios (servicios personales) y el pago de servicios generales de comunicaciones e inmuebles (rentas, teléfono, luz, etcétera). Los gastos corrientes incluyen las erogaciones por transferencias de consumo, las cuales se canalizan hacia otros sectores. Cabe destacar que estas operaciones de gasto corriente no incrementan los activos de la Hacienda Pública.

GASTO DE CAPITAL: Corresponde a las asignaciones destinadas a incrementar el acervo de bienes de capital y conservar los ya existentes. Se incluyen las inversiones destinadas a la adquisición de bienes muebles e inmuebles por parte del Poder Judicial; A diferencia de los gastos corrientes los gastos de capital sí se reflejan en un incremento de los activos fijos del sector público.

Para el ejercicio Fiscal de 2025, el Poder Judicial del Estado estima recibir Transferencias del Gobierno del Estado de Quintana Roo, por un importe de **\$1,029,476,001.00**

Tiene como objetivo general: Garantizar la construcción de la paz, el pleno ejercicio de los derechos humanos, la gobernabilidad democrática y el fortalecimiento de las instituciones del Estado Mexicano.

Hace referencia que la condición necesaria para alcanzar un estado democrático requiere que la aplicación de la ley sea por igual, que la impartición de justicia sea expedita, efectiva y que no venga acompañada de violaciones a los derechos humanos.

De este objetivo general se desprenden los específicos y las estrategias.

*Estrategia*

1.4.1 Promover mecanismos para la resolución pacífica de conflictos que favorezcan la reconstrucción del tejido social y contribuyan a la construcción de la paz.

Asimismo, se vincula al eje nacional transversal 2:

- *EJE TRANSVERSAL 2.- COMBATE A LA CORRUPCIÓN Y MEJORA DE LA GESTIÓN PÚBLICA.*

Este eje deriva del artículo 134° de la Constitución, es decir, del principio general de que todos los recursos económicos de que disponga la Federación se administrarán con eficiencia, eficacia, economía, transparencia y honradez para satisfacer los objetivos a los que estén destinados. En este sentido se ajusta a los siguientes criterios:

1. Toda política pública, particularmente la provisión de trámites y servicios públicos estará acompañada de la identificación de ineficiencias y riesgos de corrupción en las distintas etapas de la gestión pública, a fin de prevenir y reducir los márgenes de discrecionalidad en la toma de decisiones o el uso inadecuado de los recursos públicos.
2. Se orientará la política pública a resultados de corto, mediano y largo plazos, para lo cual se implementará la evaluación y seguimiento para la mejora continua del desempeño y la simplificación de normas, trámites y servicios.

**Alineación al Plan Estatal de Desarrollo 2023 – 2027**

Siguiendo esta línea de trabajo, el Poder Judicial del Estado coordina sus actividades con el Plan Estatal de Desarrollo 2023 – 2027, estableciendo a cabalidad la composición metodológica que alinea y vincula directamente los esfuerzos coordinados del Plan de Desarrollo Institucional (PDI) 2022 – 2027 del Poder Judicial del Estado de Quintana Roo y la serie de directrices estratégicas establecidas a través del Plan Estatal de Desarrollo 2023 – 2027 para el Estado de Quintana Roo.

En este tenor, como resultado del análisis del principal documento en materia de planeación estratégica, política pública y bienestar social para el Estado de Quintana Roo, se expresan a continuación la serie de semblantes coincidentes entre el Plan Estatal de Desarrollo 2023 – 2027 y los 4 ejes del Plan de Desarrollo Institucional 2022 - 2027, mismos que se enuncian a continuación:

En un primer momento el Plan de Desarrollo Institucional 2022 - 2027 alinea su marco de operatividad al Eje 2. Seguridad Ciudadana:

La seguridad es un derecho humano y una responsabilidad indelegable del Estado, que se relaciona con el respeto y la protección de múltiples derechos, como la vida, la libertad, la integridad, el patrimonio, como lo consagra nuestra Carta Magna en su parte dogmática, lo cual se enfatiza en el Plan Estatal de la siguiente manera: “garantizar la defensa de los intereses vitales y el bienestar de la ciudadanía desde el marco de los valores democráticos y del estado de derecho, junto a la defensa de la paz, la tolerancia, la libertad, la igualdad y el progreso global, por medio del fortalecimiento de los sectores e instituciones comprometidas y la participación ciudadana a fin de mejorar los niveles de percepción de seguridad ciudadana” Siguiendo este contexto, el documento presenta relación vinculante con el Eje 3. Desarrollo Económico Inclusivo:

En las últimas 5 décadas de su historia, desde que obtuvo la categoría de Estado libre y soberano, Quintana Roo ha pasado de ser un lugar poco poblado, compuesto por localidades y ciudades que tenían una infraestructura física mínima, mal conectado con el resto del país y el mundo, con actividades productivas que rendían una aportación mínima a la economía nacional y enfrentando múltiples carencias y rezagos en materia social a estar, ahora, entre los estados de mayor dinamismo poblacional, económico y social en el país, al respecto el Plan Estatal enfatiza: “consolidar el dinamismo del crecimiento económico, impulsando un modelo de desarrollo más equilibrado, inclusivo y sostenible que asegure una prosperidad compartida por toda la población a través de programas y políticas orientadas a estimular el desarrollo, la inversión productiva, el emprendimiento y la creación de empleos dignos en todo el territorio del estado, con prioridad en el crecimiento sostenido en las actividades primarias, la industrialización, la formación de cadenas de suministros regionales, nacionales e internacionales, el impulso al turismo sustentable y el fomento de la diversificación productiva y de mercados para garantizar la competitividad de la entidad, el crecimiento económico futuro, la igualdad de oportunidades, la cohesión social y el mejoramiento de los estándares de vida para todas y todos los habitantes”.

Finalmente, se establece relación con el Eje 5. Gobierno Honesto, Austero y Cercano a la Gente:

Hoy la visión como gobierno transformador nos obliga al fortalecimiento de la esfera pública, considerándola como lugar de encuentro actoras y actores sociales y políticas políticas para la deliberación y toma de decisiones colectivas, donde la corresponsabilidad en las acciones orientadas a incidir en lo público se convierte en el eje neurálgico que da sentido a este nuevo modelo de bienestar y desarrollo; en ese sentido, la participación ciudadana se cimenta entre la simbiosis necesaria de la relación establecida entre Estado y sociedad; es por ello que el Plan Estatal enuncia como finalidad: “fortalecer la confianza ciudadana en las instituciones públicas implementando un modelo que incentive la participación social en la toma de decisiones públicas; generando un mayor acercamiento con grupos de la sociedad civil organizada, sindicatos, asociaciones, grupos empresariales y academia, en un marco de corresponsabilidad y participación proactiva”

De la misma manera, como resultado de las reformas que se han venido dando a la normatividad aplicable gubernamental iniciaremos una nueva etapa que transformará de manera sustancial la forma de cómo se realiza y evalúa la gestión gubernamental, es decir, ahora las Unidades Responsables que integran esta institución se redirigirán al gasto establecido en el Presupuesto de Egresos para el ejercicio fiscal 2025, acción que nos dará la pauta para poder medir la generación de valor público a través de los órganos jurisdiccionales y las áreas administrativas.

Riesgos Relevantes para las Finanzas Públicas.

Finalmente, el entorno macroeconómico previsto para 2025 se encuentra sujeto a los siguientes riesgos que podrían modificar las estimaciones anteriores:

- Conflictos geopolíticos y económicos que ocasionen restricciones al comercio mundial y nacional que genere una recaudación menor a la estimada.
- Una desaceleración pronunciada de la economía de EE.UU. que además tenga una larga duración. Lo anterior repercutiría en el sector manufacturero de exportación de México, el turismo y las remesas, así como en las variables financieras.
- Efectos más notorios del cambio climático, y fenómenos estacionales como el efecto de “El Niño”, que afecten a la principal actividad económica del Estado de Quintana Roo, con lo que se provocarían presiones inflacionarias y pérdida de capacidad productiva.
- Episodios duraderos y no anticipados de apreciación cambiaria aunado a menores precios de materias primas que presionen a la baja los ingresos públicos y requieran ajustes al gasto o los balances fiscales.

Por otra parte, es importante señalar que el Poder Judicial del Estado de Quintana Roo, presenta pasivos contingentes al 30 de septiembre de 2024, por la cantidad de \$7,230,075.88 (Son: Siete millones doscientos treinta mil setenta y cinco pesos 88/100 M.N.), derivado de diversas demandas laborales pendientes de resolución, correspondiente a ejercicios anteriores.

Este Proyecto de Presupuesto para el ejercicio fiscal 2025, se realizó bajo los principios de austeridad, eficiencia y racionalidad en el gasto. De igual forma, se elaboró considerando la legislación vigente en materia de Disciplina Financiera de las Entidades Federativas y los Municipios, y a lo establecido en las Leyes Estatales en materia presupuestaria; por lo tanto, es un Presupuesto equilibrado, responsable y realista, que contribuye a la consecución de los programas y objetivos del Poder Judicial.

Sin embargo, es conveniente señalar que, derivado a las reformas de diversas disposiciones legales, es necesario fortalecer las áreas administrativas y jurisdiccionales que les competen, que a continuación se señalan:

Proyectos específicos para el Ejercicio Fiscal de 2025, por Reformas a la legislación vigente.

De acuerdo con el artículo 10 de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios, la asignación global de recursos para los servicios personales puede superar los límites establecidos en los incisos a) y b) de la fracción I de la citada disposición, cuando el incremento tenga como origen la implementación de leyes federales o reformas a las mismas.

Al respecto es importante señalar que la implementación de las leyes en general se efectúa a través de una serie de acciones de gobierno que tienen un impacto en el presupuesto de un ente público, y dependiendo de las implicaciones provocadas por las nuevas disposiciones

legales, la evolución del gasto público no solo se incrementará en el ejercicio fiscal inmediato, posterior a la entrada en vigor de la nueva norma, sino que sus efectos podrán prologarse por ejercicios subsecuentes.

En el caso particular del Poder Judicial del Estado de Quintana Roo, el presupuesto, en especial el relacionado con servicios personales, ha sido presionado de manera exponencial, por la entrada en vigor de leyes aprobadas en el Congreso Federal, a través de las cuales, por una parte, se le transmitieron facultades jurisdiccionales en nuevas materias, y por la otra, se ampliaron o modificaron materias concurrentes.

Lo anterior provoca la necesidad ineludible de incrementar el gasto de servicios personales, en los ejercicios subsecuentes a la entrada en vigor de las nuevas leyes, pues la demanda de servicios de impartición de justicia en estos rubros, no se agota en un solo periodo presupuestal, sino que su impacto se extenderá con el paso del tiempo, a menos que la norma se extinga o se modifique.

El efecto precedente se produce, porque con cada reforma o creación de nueva ley, se obliga al Poder Judicial a reforzar la plantilla de personal, y no solo la de personal judicial, sino también la del personal administrativo, pues además de los servidores públicos especializados para cubrir las nuevas demandas de servicio (**costo indirecto asociado con la implementación de nuevas leyes**), en paralelo crecen también las necesidades de personal, encargado de las funciones administrativas indispensables para mantener la función judicial, como las que cumplen las áreas de informática, recursos humanos, recursos materiales, seguridad, etc.

Debiendo agregar también a la presión presupuestal, el crecimiento normal de las peticiones de personal, propiciado por el crecimiento natural de la demanda de atención de servicios judiciales, en materias comunes, como la penal, civil y en especial la familiar.

A continuación, para mayor claridad se detalla el conjunto de normas que provocan la necesidad de rebasar el umbral de la Ley de Disciplina Financiera:

1. **Código de Comercio.** – Por reforma publicada en el Diario Oficial de la Federación el pasado 25 de enero de 2017, se determinó (artículo transitorio quinto del decreto de reforma), liberalizar la cuantía de los juicios orales mercantiles, a partir del 26 de enero del 2020.

El efecto que produjo esta reforma fue el incremento exponencial de la carga de trabajo de los juzgados mercantiles orales, lo que a su vez produce la necesidad de reforzar la plantilla de personal especializado y capacitado para esta materia, pues cada año la demanda de servicios de impartición de justicia mercantil se incrementa.

2. **Ley Nacional de Extinción de Dominio.** – Nueva ley publicada en el Diario Oficial de la Federación el pasado 9 de agosto de 2019. Esta ley crea el nuevo procedimiento civil de extinción de dominio como un procedimiento de corte oral. Derivado de lo anterior existe obligación de reforzar el personal de juzgados civiles orales para atender esta clase de asuntos.

3. **Reforma Laboral.** – Proviene de una reforma a la Constitución Federal publicada en el Diario Oficial de la Federación el 24 de febrero de 2017, que propició una serie de reformas a las leyes secundarias incluyendo la Ley Federal del Trabajo. En esencia transfirió al Poder Judicial del Estado, la facultad y obligación de impartir justicia en materia laboral, con lo cual, a partir de octubre de 2021, se inició la apertura de nuevos juzgados, quedando a la fecha pendiente de cumplir con la instalación de órganos para tener cobertura completa en el Estado.

4. **Ley General en Materia de Desaparición Forzada de Personas, Desaparición Cometida por Particulares y del Sistema Nacional de Búsqueda de Personas.** – Se estableció un nuevo procedimiento en materia familiar para implementar la nueva figura denominada “Declaración Especial de Ausencia”, estando obligado el Poder Judicial del Estado, a partir de junio de 2023 (por la entrada en vigor del CNPCF) a cumplir con esta obligación a través de juzgados orales en materia familiar, por lo cual resulta indispensable reforzar la plantilla de esta materia, que además es la de mayor crecimiento inercial anual.

5. **Código Nacional de Procedimientos Civiles y Familiares.** – Nueva ley publicada en el Diario Oficial de la Federación el 7 de junio de 2023. En esencia transforma de manera total la impartición de justicia en materia civil y familiar, estableciendo procesos de corte oral. Por esa razón resulta indispensable reforzar la plantilla existente de personal, pues al tratarse de juicios basados en audiencias, no es posible cubrir, ni la demanda existente, ni la futura (por el crecimiento inercial de asuntos por población).

Derivado del análisis sobre el porcentaje que representa el número de asuntos por materia, número de asuntos y jueces por cada 100 mil habitantes, considerando como referencia al año 2023 sobre casos iniciados, y del informe del Anuario Estadístico 2023 de la CONATrib, sobre la cantidad de juzgadores con los que cuentan cada Poder Judicial a Nivel Nacional por materia, se obtuvo la media nacional de los juzgadores, teniendo como resultado las siguientes proyecciones:

Considerando el crecimiento poblacional en el Estado de Quintana Roo, y lo anterior planteado, se hace imperante el fortalecimiento de la actuación judicial en el Estado de Quintana Roo, por lo que resulta necesario la creación de 39 nuevos juzgados en los distintos distritos judiciales, mismos que impactarían presupuestalmente en el próximo ejercicio fiscal 2025.

Por otra parte, se está considerando la creación del **Centro de Arbitraje del Poder Judicial del Estado de Quintana Roo**, en la ciudad de Cancún, el cual agilizará la resolución de los asuntos iniciados en los diversos juzgados en asuntos de carácter penal, civil, familiar y mercantil, a través de los siguientes:

1. **Objetivos específicos**
- 1.1. Impulso del arbitraje en términos amplios, reconocido entre los mecanismos que establece la Ley General de Mecanismos Alternativos de Solución de Controversias, de observancia obligatoria en el Estado de Quintana Roo.

1.2. Fomento del arbitraje comercial, como instrumento catalizador del desarrollo económico y la prosperidad compartida en la región.

1.3. Preparación del arbitraje en materia civil como acción necesaria para la instauración del Código Nacional de Procedimientos Civiles y Familiares que, por su propio carácter, permite la participación de personas de diversas latitudes de la República.
2. **Normatividad de referencia**
- 2.1. **Ley General de Mecanismos Alternativos de Solución de Controversias.** Publicada en el Diario Oficial de la Federación el 24 de enero de 2024, reconoce al arbitraje entre los mecanismos alternativos de solución de controversias, en su artículo 4, fracción V, al definirlo como:  
“Proceso de solución de controversias o conflictos distinto a la jurisdicción estatal, mediante el cual las partes deciden voluntariamente, a través de un acuerdo o cláusula arbitral, someter todas o ciertas diferencias que hayan surgido o puedan surgir entre ellas, respecto de una determinada relación jurídica, con la participación de una persona tercera llamada árbitro, quien dicta un laudo conforme a las normas establecidas en el Código de Comercio, el Código Nacional de Procedimientos Civiles y Familiares, y los Tratados Internacionales de los que el Estado mexicano sea parte, según proceda”.

Desde esta óptica, la asignación de recursos humanos a la justicia alternativa encuadra en la excepción prevista en el párrafo último de la fracción I del artículo 10 de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios, que establece que los gastos en servicios personales que sean estrictamente indispensables para la implementación de nuevas leyes federales o reformas a las mismas, podrán autorizarse sin sujetarse al límite establecido en dicha fracción, hasta por el monto que específicamente se requiera para dar cumplimiento a la ley respectiva. Esto es, existe mandato expreso del legislador de brindar los recursos necesarios, entre ellos el capital humano, de manera permanente al fomento de los mecanismos alternativos de solución de controversias.

El presupuesto que se requiere en el capítulo 1000 Servicios Personales para la creación de este centro de Arbitraje, asciende a la cantidad de \$2,271,974.00 (Son: dos millones doscientos setenta y un mil novecientos setenta y cuatro pesos 00/100 M. N.), para la contratación de siete servidores públicos en su primera etapa.

El Presupuesto estimado para la correcta aplicación de estas disposiciones legales, asciende a la cantidad de **\$155,558,076.00** (Son: ciento cincuenta y cinco millones quinientos cincuenta y ocho mil setenta y seis pesos 00/100 M.N.), cantidad que no está considerada en el Capítulo 1000 Servicios Personales, desglosados de la siguiente manera:

En este sentido resulta necesario que dichos recursos sean contemplados dentro del presupuesto del año 2025, a fin de cumplir con lo decretado por la Legislatura Federal y del Estado, toda vez que es prioridad garantizar el acceso a la justicia, en asuntos de carácter penal, civil, familiar y mercantil.

Esto significa que para el capítulo 1000 Servicios Personales estaríamos contemplando un importe total de **\$928,508,225.00** (Son: novecientos veintiocho millones quinientos ocho mil doscientos veinticinco pesos 00/100 M. N.)

Lo anterior, con el fin de cumplir con la obligación del Poder Judicial del Estado de Quintana Roo, de proporcionar los servicios bajo los principios de probidad, honradez, profesionalismo, calidad y de manera obligatoria, en términos de lo dispuesto en la Constitución Política de los Estados Unidos Mexicanos y de la Constitución Política del Estado Libre y Soberano de Quintana Roo.

Justificación por Capítulo Presupuestal

Capítulo 1000: SERVICIOS PERSONALES.

Los Servicios personales son las asignaciones destinadas al pago de remuneraciones al personal que presta sus servicios en el Poder Judicial del Estado, así como los pagos que por concepto de seguridad social se realiza a las instituciones públicas, en los términos de las disposiciones legales en vigor; incluye también los pagos por otras prestaciones sociales distintas a las ya mencionadas, entre estas: sueldos del personal de base y de confianza, remuneraciones al personal de carácter transitorio, aguinaldos, primas vacacionales, seguros de vida, estímulos al personal, etc.

En este capítulo se contemplan los recursos mínimos necesarios para dar cobertura al costo total anual de las remuneraciones salariales de los servidores públicos del Poder Judicial. Es por ello que para el ejercicio fiscal 2025 se estima un monto por **\$772,950,149.00**, que representa el 75.08 % del total del Presupuesto de Egresos para el Ejercicio Fiscal 2025.

Adicional a ello, se requiere la cantidad de **\$155,558,076.00** (Son: ciento cincuenta y cinco millones quinientos cincuenta y ocho mil setenta y seis pesos 00/100 M.N.), para el correcto cumplimiento de la impartición de justicia en el Estado de Quintana Roo.

Capítulo 2000 Materiales y Suministros

Este capítulo contempla la adquisición de insumos y suministros requeridos para el desempeño de las funciones que nos corresponden. El Poder Judicial del Estado cuenta con diversas unidades jurisdiccionales y administrativas que por su propia dinámica y operatividad diaria consumen artículos de papelería, de impresión y reproducción, útiles y equipos menores de tecnología, para llevar a cabo actuaciones judiciales como acuerdos, autos y resoluciones, diligencias actuariales, integración de expedientes y todas aquellas acciones que se encuentran en el ámbito de su competencia; así como el combustible necesario para realizar las diferentes diligencias de los diversos procedimientos jurisdiccionales y administrativos.

En este sentido, en apego a los esquemas de disciplina presupuestaria y racionalidad en el ejercicio del gasto, el presupuesto mínimo necesario en el capítulo 2000 con el fin de garantizar el cumplimiento de las funciones del Poder Judicial en el ejercicio 2025, asciende a la cantidad de **\$61,723,701.00**, lo que representa un 6.00 % del total del Presupuesto de Egresos para el Ejercicio Fiscal 2025.

Para la proyección del gasto se consideró el presupuesto asignado en ejercicios anteriores, la detección de necesidades durante los recorridos físicos realizados a las instalaciones, el requerimiento de nuevas áreas de trabajo, así como las solicitudes realizadas por los administradores de los distritos judiciales.

### **Capítulo 3000 Servicios Generales**

En este rubro, es indispensable contar con la cantidad de **\$85,003,807.00**, que representa un 8.26 % del total del Presupuesto de Egresos para el Ejercicio Fiscal 2025.

La infraestructura del Poder Judicial alberga las Salas Especializadas, Consejo de la Judicatura, Juzgados de Primera Instancia Orales y Tradicionales, Tribunales Laborales, Escuela Judicial, Centros de Convivencia Familiar Supervisada, Instituto de la Defensoría Pública, así como las diversas Unidades Administrativas que lo conforman, lo que implica infraestructura de comunicaciones (servicio de internet, telefonía y redes). Destaca la atención a las necesidades propias de mantenimiento y pago de servicios básicos como energía eléctrica, agua y arrendamiento de edificios.

Se incluyen también los servicios de vigilancia y limpieza, así como de trabajos especializados de mantenimiento de la totalidad de edificios, pasajes y viáticos necesarios para la realización de comisiones, así como servicios de consultoría y capacitación. Asimismo, se debe realizar el pago de peritajes de diversas áreas y expedientes de casos.

Por otra parte, se requiere mantener en óptimas condiciones los 34 edificios con que cuenta el Poder Judicial del Estado de Quintana Roo, dado que 15 de ellos fueron construidos hace más de quince años, por lo que requieren de mantenimientos mayores e impermeabilización.

### **Capítulo 5000 Bienes Muebles, Inmuebles e Intangibles**

El presupuesto programado en el capítulo 5000, asciende a la cantidad de **\$39,996,745.00** y corresponde al 3.89 % del total del Presupuesto de Egresos para el Ejercicio Fiscal 2025.

En este Capítulo se prevé la adquisición de mobiliario y equipo de oficina para las áreas administrativas y jurisdiccionales; se considera la renovación equipos de cómputo ya que en su mayoría cuentan con tecnología obsoleta de más de 10 años. Se contempla, además, la sustitución de aires acondicionados que ya no son factibles de reparación por incosteabilidad y vida útil; la adquisición de vehículos utilitarios; la adquisición de plantas generadoras de energía eléctrica y las licencias y software de la dirección de informática, entre otros.

Así mismo, con la implementación de los juicios orales se requiere de mantener en óptimas condiciones los equipos tecnológicos para realización de las audiencias en las salas orales, lo que requiere de un cambio constante de dichos equipos.

### **Capítulo 6000 Inversión Pública**

En este rubro se requiere contar con la cantidad de **\$69,801,599.00**, que representa un 6.78 % del total del Presupuesto de Egresos para el Ejercicio Fiscal 2025, ya que como se señaló en párrafos anteriores, los edificios requieren de una rehabilitación integral y evitar con ello el continuo deterioro de dichas instalaciones, con el riesgo que implica a los ciudadanos que acuden a gestionar sus asuntos.

El presupuesto que se requiere es de vital importancia para realizar los trabajos de mantenimiento, rehabilitación y dotar de espacios con accesibilidad motriz a los justiciables, ya que, durante los últimos ejercicios fiscales, el presupuesto asignado para este capítulo ha sido insuficiente para el mantenimiento preventivo, originando la necesidad de realizar mantenimientos correctivos.

Los recursos presupuestados corresponden al Fondo de Aportaciones para la Seguridad Pública (FASP), por un importe de **\$16,547,734.00**, así como **\$53,253,865.00** del Fondo de Aportaciones para el Fortalecimiento de las Entidades Federativas (FAFEF)

### **PROYECTO DE EJECUCIÓN DEL PRESUPUESTO DE EGRESOS**

El gasto total previsto en el presente Presupuesto para el Poder Judicial asciende a la cantidad de **\$1,029,476,001.00**.

El Presupuesto de Egresos en el ejercicio fiscal comprendido del 1º de enero al 31 de diciembre del 2025, se clasifica y distribuye de la siguiente manera:

En cumplimiento con lo establecido en el Artículo V párrafo octavo, de la Ley de Disciplina Financiera de las Entidades Federativas y Municipios, para el Ejercicio Fiscal 2025, el Gobierno de México, señala a través de los Criterios Generales de Política Económica que impulsará diversas medidas para ampliar la recaudación tributaria, al mismo tiempo, que ejercerá dicho gasto público bajo estrictos criterios de austeridad, combate a la corrupción, eficiencia y transparencia. Criterios, que se tomaron en cuenta para poder realizar el presente Proyecto de Presupuesto de Egresos 2025 del Instituto Electoral de Quintana Roo.

Así mismo, se prevé que el crecimiento de la economía mexicana provenga principalmente de la demanda interna. Se estima que se ubique en un rango de 2.0% a 3.0% real anual. Sin embargo, para las estimaciones de finanzas públicas se considera una tasa de crecimiento anual del PIB real de 2.3%, esto con el objetivo de contar con un escenario de ingresos presupuestarios prudente.

La política de gasto público se sustenta en la priorización de áreas estratégicas orientadas a potenciar el crecimiento económico, mediante la eliminación del gasto superfluo y la mejora de la calidad de los servicios públicos y continuar con la promoción de acciones orientadas a fomentar la igualdad de género, con medidas para cerrar la brecha salarial y fomentar una mayor participación económica en las mujeres. En el Instituto, una de nuestras principales acciones es prevenir la violencia política de género y fomentar la participación de las mujeres en el ámbito político electoral, coadyuvando en el desarrollo del país.

El Método para la Proyección de Ingresos y Egresos utilizado por el Instituto se justificó principalmente en la Integración Programática del Instituto, tomando como base el Programa Presupuestario Institucional, así como, los componentes y las actividades y acciones que derivan de éstos, siempre teniendo en cuenta cumplir con el fin y objetivos del Instituto. Al contar con un plan de actividades se estimaron los recursos financieros, humanos y materiales para el desarrollo de estas.

Para la Proyección de Ingresos y Egresos del Ejercicio Fiscal 2025, se consideró como base únicamente el Presupuesto de Egresos Ordinario Aprobado para el Ejercicio Fiscal 2024, ya que durante el Ejercicio antes mencionado se llevó a cabo el Proceso Electoral Local 2024, que contó con su propio apartado para llevar a cabo la elección de las 25 diputaciones y 11 ayuntamientos del Estado de Quintana Roo, lo que implicaría que tomar el presupuesto global sería superior. Por tal motivo, es que únicamente se toma como base lo aprobado como Ordinario, lo cual permite al Instituto ejecutar sus funciones rigiéndose bajo los principios de racionalidad y austeridad.

Considerando en 2023 es el último ejercicio fiscal en el que no se llevó a cabo un Proceso Electoral y tomando en consideración que para el ejercicio fiscal 2025 se contempla una tasa de inflación y del crecimiento real del Producto Interno Bruto, se prevé un incremento con el Presupuesto de Egresos del último ejercicio fiscal ordinario.

Las ministraciones que se estiman recibir por parte de la Secretaría de Finanzas y Planeación del Estado de Quintana Roo, son las siguientes:

OBJETIVOS ANUALES, ESTRATEGIAS Y METAS

Para el Ejercicio 2025, el Instituto tiene como objetivo el fomentar los valores democráticos y prevenir la violencia política de género, tanto en la ciudadanía que tiene la capacidad de ejercer el voto, como a la que se encuentra en el proceso de adquirir dicha capacidad. Con la finalidad de que, para el próximo Proceso Electoral Local, la ciudadanía incremente su participación y la confianza en el Proceso y en los Resultados generados.

Para cumplir con lo antes mencionado, es importante contar con el recurso suficiente que permita desarrollar todas las actividades estipuladas en el Plan Institucional de Cultura Política Democrática 2023-2029, el cual se deriva del Plan Nacional de Desarrollo, agenda 2030 y del Plan Estatal de Desarrollo 2023-2027, que busca garantizar un gobierno eficiente, en el que la ciudadanía recobre la confianza en las instituciones públicas.

La estrategia utilizada por el Instituto es promover y fomentar procesos electorales con valores de cultura política democrática, a través del desarrollo, promoción y ejecución de acciones, tales como: cursos, capacitaciones, pláticas, conversatorios, entre otros, que permitan generar un mayor interés y participación de la ciudadanía del Estado de Quintana Roo en la vida democrática, un mayor conocimiento sobre sus derechos político electorales con la finalidad de poder ejercerlos, así como, la erradicación de la violencia política contra la mujer por razón de género.

Informe Sobre Estudios Actuariales

En cumplimiento a lo dispuesto por los artículos 5 fracción V de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios; el presente proyecto no presenta estudio actuarial, ya que la institución no cuenta con un sistema propio de pensiones, toda

vez que a sus trabajadores se les proporciona la seguridad social; así como el esquema de pensiones y jubilaciones a través del Instituto de Seguridad Social al Servicio de los Trabajadores del Estado (ISSSTE).

Las obligaciones del Estado en materia de Derechos Humanos se encuentran establecidas en diversos instrumentos internacionales, nacionales y locales, y son el eje rector para el respeto, protección, garantía y promoción de los mismos, de conformidad con los principios de universalidad, interdependencia, indivisibilidad y progresividad; por ello, las políticas públicas tienen como base, los principios de no discriminación e igualdad con el enfoque basado en derechos humanos. Ello implica, entre otros, que toda actuación estatal, ya sea por medio de sus instituciones o a través de las personas servidoras públicas que las conforman, así como de la ciudadanía en general debe estar orientado y sometido a la ley, las cuales deben ser compatibles con los derechos humanos y las libertades más esenciales de las personas, de manera que su respeto, promoción, protección y garantía, se vuelven en el fin último del estado.

Partiendo de un marco de referencia como es el derecho, las personas beneficiarias son titulares de derechos; la familia, comunidad, organizaciones sociales, empresas, son titulares de responsabilidades, y el Estado es titular de obligaciones. 3.2.3. Criterios Generales de Política Económica para el Ejercicio Fiscal 2025.

El Paquete Económico para el ejercicio fiscal 2025, está centrado en la continuidad de un modelo de desarrollo con enfoque social, asegurando la estabilidad económica mediante una gestión fiscal prudente.

Los Pre-Criterios Generales de Política Económica 2025 contienen las previsiones sobre la evolución de la actividad económica y las finanzas públicas hacia el cierre de 2024 y 2025. Este documento cumple con las disposiciones contenidas en el Art.42, fracción I, de la Ley Federal de Presupuesto y Responsabilidad Hacendaria (LFPRH).

Hacia el cierre de 2024, se estima que el crecimiento de la actividad económica en México mantenga un buen desempeño, impulsado por el comportamiento del mercado interno, el cual continuará beneficiándose del aumento del empleo y los efectos permanentes del gasto en infraestructura y protección social.

Hacia 2025, la estimación de crecimiento se mantiene con respecto a lo publicado en los Criterios Generales de Política Económica 2024, en un rango de entre 1.5% y 2.5%. Esta proyección considera un crecimiento sostenido de la demanda interna, donde el empleo y la economía familiar tendrán una contribución importante al crecimiento nacional. Además, las nuevas tendencias globales de tecnología e intercambio comercial, aunado a los nuevos encadenamientos productivos generado por la relocalización de empresas, permitirán posicionar a México en la cadena de proveeduría global, beneficiando tanto a sectores tradicionalmente integrados con EE.UU., como a nuevos sectores que se desarrollen bajo el nuevo paradigma.

En 2024, se anticipa el cumplimiento de la meta del balance presupuestario, con un nivel de deuda estable y sostenible hacia el mediano plazo. Si bien se prevé un mayor déficit presupuestario con respecto al cierre del año anterior, éste tendrá un carácter transitorio. En primer lugar, el espacio fiscal generado en 2023 por menores niveles del déficit presupuestario y deuda respecto a los niveles aprobados permitirá partir de una base menor.

En este contexto, se estima que, al cierre de 2024, los ingresos presupuestarios se ubiquen ligeramente por arriba del nivel estimado en el Paquete Económico 2024. Por un lado, se anticipan mayores ingresos petroleros, como resultado de un mayor precio de la MME con respecto al nivel aprobado. Por el otro, se estima que los ingresos tributarios serán superiores a lo programado como resultado de una mejor base de comparación en 2023, así como el desempeño proyectado para la recaudación del Impuesto Sobre la Renta (ISR) y el Impuesto al Valor Agregado (IVA). Para 2025, se prevé un incremento de los ingresos presupuestarios respecto a lo estimado para 2024, derivado de la solidez de la actividad económica y la creación de empleo, así como el desempeño en la recaudación tributaria que continuará beneficiándose de los efectos positivos de las medidas de eficiencia recaudatoria.

Economía Mexicana

En 2024 y 2025, se anticipa que la economía mexicana continúe creciendo por arriba de su promedio histórico impulsada, principalmente, por una demanda interna sólida y un mercado laboral dinámico. El consumo privado y la inversión seguirán cerrando la brecha respecto a su tendencia previa a la pandemia y la inflación irá convergiendo hacia el objetivo del Banco de México.

Para el resto del año y en 2025, se prevé que el nivel del PIB proyectado seguirá creciendo, pero a un ritmo menor al observado en los años anteriores. Cabe destacar que las proyecciones del marco macroeconómico reflejan un escenario de tendencia inercial que no contempla efectos adicionales por alguna política pública en particular o el efecto puntual de tendencias globales como la relocalización de empresas.

Para 2025, serán más tangibles los avances de las tecnologías de la información, como la inteligencia artificial, la cual apoyará al aumento de la productividad de distintos sectores que la utilicen y a la rentabilidad de las empresas involucradas. Adicionalmente, estas tecnologías permitirán la entrada de nuevas empresas que ampliarán la oferta hacia los consumidores y harán más eficiente la producción de los medios de consumo.

Los mayores niveles de inversión pública y privada permitirán hacer frente a las nuevas tendencias globales, como la relocalización de empresas, lo cual llevará al país a ampliar su participación en la cadena de proveeduría global y fortalecer la relación comercial en la región de Norteamérica, lo cual beneficiará a los sectores con una alta integración comercial como la maquinaria y equipo, electrónicos

y equipo de transporte. Con ello, aumentará el número de empleos, la oferta de bienes y servicios y el posicionamiento de México en el exterior en 2024 y 2025.

**Variables nacionales Crecimiento, tasa de interés, inflación, tipo de cambio, y cuenta corriente**

Se estima que la economía mexicana crecerá entre un 2.5% y un 3.5% anual en 2024, y entre un 2.0% y un 3.0% en 2025, de acuerdo con las proyecciones del Paquete Económico 2024. Además, se anticipa que el Banco de México Reducirá su política monetaria restrictiva debido a la disminución de la inflación y sus expectativas, con tasas de interés que cerrarían en 9.5% en 2024 y en 7.0% en 2025.

Sin embargo, existen riesgos, como eventos climáticos adversos o choques geopolíticos, que podrían influir en los precios de productos agropecuarios y mercancías. La inflación general se espera que cierre 2024 en 3.8% y 2025 en 3.3%, ligeramente superior a lo anterior.

En cuanto al tipo de cambio, se prevé estabilidad debido a factores como finanzas públicas sanas, bajo déficit en cuenta corriente y estabilidad política. Se espera que el tipo de cambio cierre en 17.8 pesos por dólar en 2024 y 18.0 en 2025

Se proyecta un déficit en cuenta corriente del 0.2% del PIB para 2024 y del 0.3% para 2025, gracias a una balanza comercial favorable, especialmente por las exportaciones a EE.UU. UU. En cuanto al petróleo, los recortes de producción de la OPEP+ y tensiones geopolíticas podrían mantener los precios al alza, aunque la producción en otros países, como EE.UU. UU., podría mitigar esto

En cuanto a la producción industrial en EE.UU. UU., se espera un crecimiento impulsado por la normalización de las cadenas de suministro y la mayor producción de vehículos eléctricos, beneficiando a la industria fabricante de México y manteniendo el dinamismo en los sectores integrados comercialmente a la industria manufacturera, mantengan su dinamismo, mientras que estados donde existen fuertes lazos comerciales, como Texas y Michigan, continúen creciendo e impulsando las exportaciones de nuestro país.

**3.2.4. Método para la Proyección de Ingresos y Egresos.**

Para el ejercicio fiscal 2025 este organismo proyecta ingresos y egresos por 75,842,327 pesos, monto superior por 3,523,792 pesos respecto al presupuesto aprobado en el ejercicio 2024 el cual fue por 72,318,535 que corresponde a una variación del 5%.

3.4. DESCRIPCIÓN DE LOS RIESGOS RELEVANTES PARA LAS FINANZAS PÚBLICAS.

Para este ejercicio 2025 las estrategias y programas presupuestados de acuerdo con la aplicación del marco legal vigente con el Plan y Programa Institucional en materia de derechos humanos, así como la implementación del modelo presupuestario en el marco de la Gestión para Resultados y el Sistema de Evaluación de Desempeño (SED), nos permitirá llevar a cabo el objetivo de esta Comisión a través de sus programas presupuestarios, sin embargo, existen diversos riesgos especialmente en el contexto actual:

- En materia financiera, para subsanar pagos que afecten la actividad económica, en caso de presentarse esta situación, será necesario realizar ajustes en metas y en el presupuesto aprobado por Unidad Responsable, en primera instancia se buscará reducir gastos en el componente de gestión y apoyo institucional para aminorar la afectación a programas sustantivos de impacto directo en la población.
- Las fuentes de financiamiento del presupuesto otorgado y transferencias que ministra la Sefiplan, por lo que dependemos de ello para lograr nuestros objetivos y metas, una disminución en los ingresos tributarios federales impactaría negativamente en las finanzas de la Cdheqroo derivado de los ajustes presupuestales.
- En materia jurídica, los cambios en la normatividad interna, estructura organizacional, atribuciones, etc. que impliquen realizar ciertos ajustes en los Programas Presupuestarios.
- Elevación del índice de cifras por violaciones a derechos humanos, por la falta de denuncias o quejas por parte de la Ciudadanía.
- En materia laboral, para cubrir pagos por concepto de finiquitos e indemnizaciones, en caso de presentarse esta situación, será necesario realizar ajustes en las metas del programa y presupuesto autorizado derivado de la solicitud o por cambios de la legislación.
- En materia de salud, el brote de alguna pandemia u otros factores internos y externos que afecte la reactivación económica y que impacte en una reducción presupuestal a la Cdheqroo.
- En materia de fenómenos naturales, que se tengan que hacer ajustes para disponer de recursos que permitan hacer frente a los desastres.
- Las tensiones sociales y políticas que desestabilicen los precios, que requieran realizar ajustes para hacer frente a los compromisos por una baja actividad económica en el Estado.

H. Servicios Personales.

Cumplimiento a la Fracción I del artículo 10 de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios

Para dar cumplimiento con lo que establece la Ley Federal del Trabajo (LFT), la Ley del Instituto Mexicano del Seguro Social (IMSS) y la Ley del Impuesto sobre la Renta (ISR) se da un incremento en el capítulo 1000 de servicios personales que corresponde a cuotas de seguridad social y prestaciones remunerarías, el cual es superior a la tasa de inflación de un 4.3% y superior a la tasa de crecimiento anual del P.I.B. , esto se refleja en las obligaciones patronales de esta Comisión que se tienen que cubrir por el incremento en el salario diario integrado, en el pago de las cuotas patronales, factor que se integra con todas las prestaciones que recibe el trabajador y es modificado cada año de acuerdo a la reformas de ley.

En los últimos años se han tenido aumentos de un 20% en el mismo, situación que ha rebasado al tabulador autorizado que se tiene hasta el nivel 700 de los trabajadores de este Organismo en el año 2024, para el 2025 los niveles 500 y 300 serían rebasados con la aprobación del S.M. en su incremento del 20% , que entra en vigor a partir del 1 de enero del 2025, esto se debe al incrementar la base de las cuotas obrero patronales, al incrementar el salario mínimo y sus cálculos para la determinación de los pagos respectivos con el Salario Diario Integrado que es mayor al Salario Mínimo, así mismo aumentan las prestaciones de los trabajadores.

De conformidad con lo establecido en el capítulo VII fracción II numeral H inciso b) del Manual de Contabilidad Gubernamental emitido por la CONAC, establece en términos generales , que un pasivo contingente es : “b)Una obligación presente, surgida a raíz de sucesos pasados, que no se ha reconocido contablemente porque (x) no es probable que la entidad tenga que satisfacerla desprendiéndose de recursos que incorporen beneficios económicos; o bien (i) el importe de la obligación no pueda ser medido con la suficiencia facilidad. En otros términos, los pasivos contingentes son obligaciones que tienen su origen en hechos específicos e independientes del pasado que en el futuro puedan ocurrir o no y, de acuerdo con lo que acontezca, desaparecen, o se convierten en pasivos reales; por ejemplo, juicios, garantías, avales, costos de planes de pensiones, jubilaciones, etc.” Por lo anteriormente expuesto se aclara que esta H. Comisión, no le aplica el informe de Estudio Actuarial, en virtud de que a sus trabajadores se les proporciona la Seguridad Social (salud y vivienda) así, como el esquema de Pensiones y Jubilaciones, a través del I.M.S.S.

2.3. Congruencia con los criterios Generales de Política Económica

La estimación de crecimiento de la economía mexicana para el 2025 de acuerdo con los Criterios de Política Económica, se ubica en un rango de 1.5 a 2.5% real anual y representa el inicio de una trayectoria de crecimiento incluyente capaz de permear en el bienestar de la población, reforzando un modelo de desarrollo económico con justicia social al tiempo que canaliza recursos estratégicos hacia la inversión pública y el fomento de la economía nacional y se considera una tasa de inflación anual de 4.3%, para las estimaciones de finanzas públicas con el objetivo de contar con un escenario de ingresos presupuestarios prudente.

La economía mexicana se prevé continúe creciendo a través del fortalecimiento del mercado interno, el cual se beneficiará del aumento del empleo y los efectos permanentes del gasto en infraestructura aeroportuaria, carretera, ferroviaria y portuaria y de energía, que mejorarán las redes de comunicación, aumentando la integración económica de las regiones y la generación de empleos de calidad, y la protección social, así como los avances de las tecnologías de la información, continuarán apoyando el aumento de la productividad de distintos sectores que la utilicen y la rentabilidad de las empresas involucradas.

Esta proyección considera un crecimiento sostenido de la demanda interna, donde el empleo y la economía familiar tendrán una contribución importante en el crecimiento nacional. Además, las nuevas tendencias globales de tecnología e intercambio comercial, aunado a los nuevos encadenamientos productivos generados por la relocalización de empresas, permitirán posicionar a nuestro país en la cadena de proveeduría global, beneficiando tanto a sectores tradicionalmente integrados con EE UU.

La inflación estimada en un 4.3% anual al cierre de año se origina en un contexto de reducción en la persistencia de los precios del sector servicios y en las presiones por precios internacionales de materias primas. La cuenta corriente presentará un déficit en 2025 inferior a la presentada en los Criterios Generales de Política Económica de 2024.

No obstante, para el ejercicio 2025 se presenta un escenario de consolidación fiscal con un menor gasto como resultado de una disminución del costo financiero asociado a un entorno de menores tasas de interés y un menor gasto programable.

I. INTRODUCCIÓN

La transparencia y la rendición de cuentas son pilares imprescindibles de la gestión pública, toda vez que las decisiones que se tomen por parte del gobierno estatal forzosamente deben estar al alcance de los ciudadanos de una manera accesible, clara y veraz, lo que coadyuva y favorece a la constante vigilancia de los recursos públicos y que estos se ejerzan en estricto apego a la ley.

En la medida en que el Presupuesto sea transparente y coadyuve a la rendición de cuentas sobre el ejercicio del gasto público, entonces generará mayor confianza entre los ciudadanos, generando un incentivo positivo.

El presupuesto de egresos es la herramienta de política pública más importante con la que cuenta el gobierno estatal. En él se establecen los principales programas y prioridades que el gobierno lleva a cabo año con año. En el presupuesto se reflejan las acciones y proyectos que el gobierno tiene interés genuino en apoyar. Dada la relevancia del presupuesto, es necesario continuar trabajando por mejorar tanto la rendición de cuentas como la transparencia en el proceso de formulación, discusión-aprobación, ejecución y fiscalización-evaluación del mismo. En este sentido, el presente presupuesto busca abonar a los principales avances y problemas que aún enfrenta México y el Estado de Quintana Roo en transparencia y rendición de cuentas presupuestarias. En específico de los temas: Transparencia presupuestaria y la Rendición de cuentas.

La Constitución Política del Estado Libre y Soberano del Estado de Quintana Roo, establece en su **Artículo 75 Fracción XXX** que es facultad de la Legislatura del Estado “Aprobar las leyes de ingresos municipal y estatal y el presupuesto de egresos del Estado, determinando en cada caso, las partidas correspondientes para cubrirlas. Asimismo, podrá autorizar en dicho presupuesto las erogaciones plurianuales para aquellos proyectos de inversión en infraestructura que se determinen conforme a Lo dispuesto en La Ley reglamentaria; Las erogaciones correspondientes deberán incluirse en los subsecuentes Presupuestos de Egresos del Estado.

La legislatura del Estado, al aprobar el Presupuesto de Egresos del Estado, no podrá dejar de señalar los tabuladores desglosados de las remuneraciones que perciban los servidores públicos estatales; en caso de que por cualquiera circunstancia se omita fijar dicha remuneración, se entenderá por señalada la que hubiere tenido fijada en el Presupuesto anterior o en la ley que estableció el empleo.

En todo caso, dicho señalamiento deberá respetar las bases previstas en el **Artículo 165** de esta Constitución y las disposiciones de las leyes que en la materia expida la legislatura.

Asimismo, para el caso de los órganos autónomos, establece que el proyecto de presupuesto de egresos deberá prever la suficiencia presupuestal para permitir su ejercicio eficaz y oportuno, y será remitido a la Legislatura, para su discusión y en su caso, aprobación y posterior inclusión en el Presupuesto de Egresos del Estado, a más tardar el 20 de noviembre del año anterior al ejercicio fiscal que corresponda.

En este sentido, la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios en su **Artículo 5**, señala que los proyectos de Presupuestos de Egresos de las Entidades Federativas se deberán elaborar conforme a lo establecido en la legislación local aplicable en base con los objetivos, parámetros cuantificables e indicadores del desempeño los cuales deberán ser adecuados con los planes estatales de desarrollo y los programas derivados de los mismos; así como ser convergentes con los Criterios Generales de Política Económica y que las estimaciones de las participaciones y Transferencias Federales etiquetadas que se incluyan no debiendo exceder lo previsto en la Ley de Ingresos de la Federación y en el proyecto de Presupuesto de Egresos de la Federación del ejercicio fiscal correspondiente.

Con todo lo anterior expuesto se presenta el presupuesto para el Instituto de Acceso a la Información y Protección de Datos Personales de Quintana Roo, con el objetivo de coadyuvar a esta política pública cuyo fin es empoderar a la ciudadanía en la toma de decisiones, para así contribuir a la rendición de cuentas y al combate de la corrupción e impunidad.

IV. EXPOSICIÓN DE MOTIVOS

El Proyecto de Presupuesto para el Ejercicio Fiscal 2025 se realizó con fundamento en el **Artículo 21** de la Constitución Política del Estado de Quintana Roo, a la Ley General de Contabilidad Gubernamental, la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios, las disposiciones emitidas por el Consejo Nacional de Armonización Contable (CONAC).

En este sentido los ingresos para el desarrollo de este presupuesto proceden de transferencias y asignaciones federales, que en base a los Criterios Generales de Política Económica 2025 (CGPE-2025), se espera que se mantengan en base al crecimiento económico planteado dentro de los mismos.

El cual está elaborado con el objetivo de garantizar los Derechos Humanos de Acceso a la Información Pública y el de Protección de Datos Personales, con un enfoque basado en resultados, bajo tres programas presupuestarios, que son:

- E030 - ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES EN POSESIÓN DE SUJETOS OBLIGADOS.
- P015 - PROMOVER, FOMENTAR Y DIFUNDIR LA POLÍTICA ESTATAL EN MATERIA DE TRANSPARENCIA, ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES EN POSESIÓN DE SUJETOS OBLIGADOS.
- M002 - GESTIÓN Y APOYO INSTITUCIONAL TRANSVERSAL.

El Instituto de Acceso a la Información y Protección de Datos Personales se encuentra vinculado a diversas actividades que se originan del cumplimiento de sus atribuciones y de los trabajos que se realizan desde el seno del Sistema Estatal Anticorrupción, del cual forma parte y del Sistema Nacional de Transparencia en el cual trabaja en coordinación con los organismos garantes del país para la implementación de mecanismos que fortalezcan el ejercicio de estos derechos.

Y derivado de los trabajos de coordinación del Comité de Participación Ciudadana de la Secretaría Ejecutiva del Sistema Estatal Anticorrupción, siendo la Auditoría Superior parte integrante del mismo, se acordó, adicional al trabajo inherente que la Auditoría realiza para la contribución a la transparencia, rendición de cuentas y combate a la corrupción, incluir en nuestros programas de trabajo,

acciones que coadyuven y fortalezcan la Política Estatal Anticorrupción.

La transparencia y el acceso a la información son elementos clave para la construcción de una verdadera sociedad democrática, donde se empodere a los ciudadanos para que cuenten con una participación más activa en la resolución de problemas públicos.

Por su parte la protección de los datos personales es indispensable para salvaguardar la privacidad y la integridad de las personas, en la época actual que es una era digital y con los avances tecnológicos con los que se cuenta, es de suma importancia que la sociedad conozca como exigir el respeto a su información personal y como ejercer sus derechos para su protección.

Es por ello que, en los últimos años, la sociedad se ha vuelto más participativa, por lo cual las actividades que se realizan en el Instituto se han incrementado, siendo necesario el fortalecimiento de la plantilla laboral, especialmente en el área jurídica, donde el número de recursos de revisión se ha duplicado con respecto al año anterior.

De la misma manera es necesario contar con más verificadores, debido a que únicamente se cuenta con dos personas para realizar esta tarea en los 105 sujetos obligados del estado.

Otra prioridad institucional es seguir promoviendo los mecanismos de gobierno abierto, en los que Quintana Roo ha sido referente a nivel nacional y que tienen el objetivo de fortalecer la relación de la población con sus gobernantes, para continuar construyendo un Estado más cercano en colaboración con el Poder Ejecutivo, Legislativo y Judicial; así como con los Órganos Autónomos, Municipios y demás entes públicos involucrados.

El Presupuesto de Egresos para el Ejercicio 2025, está elaborado con la finalidad de contribuir al cumplimiento de metas y objetivos institucionales, en beneficio de la sociedad.

Congruencia con los Criterios Generales de Política Económica

Los Criterios Generales de Política Económica (CGPE) 2025 son un documento presentado por la Secretaría de Hacienda y Crédito Público (SHCP) al Congreso de la Unión, que establece los lineamientos macroeconómicos y financieros para el año 2025. Estos criterios sirven como base para el Paquete Económico del próximo año, que debe entregar el Ejecutivo Federal el 8 de septiembre.

Es en base a lo anterior que se presentan los criterios y proyecciones económicas para el año 2025, basados en los documentos y declaraciones oficiales de la Secretaría de Hacienda y Crédito Público (SHCP), el Ejecutivo Federal y la Cámara de Diputados.

Crecimiento económico: Se estima un crecimiento económico positivo en México, con un rango de 1.5 a 2.5% anual en 2025, después de un crecimiento real anual de 3.2% en 2023.

Inversión y empleo: La inversión pública y privada seguirá aumentando, lo que impulsará la creación de empleos y el crecimiento económico.

Déficit financiero: Se prevé una reducción significativa del déficit financiero, que se reducirá a la mitad, alcanzando un nivel de 3% del PIB en 2025. Esto se logrará mediante una combinación de un menor gasto neto (caída de 10% en términos reales) y mayores ingresos presupuestarios.

Finanzas públicas: Las finanzas públicas permanecerán estables, cumpliendo con las metas fiscales planteadas para 2024 y 2025. La deuda pública se mantendrá sostenible como porcentaje del PIB.

Programa fiscal: El programa fiscal se enfocará en la estabilidad de la calificación crediticia, lo que abonará a la certidumbre del entorno macroeconómico en México.

Aspectos ambientales: Se proyecta una aceleración en la integración de criterios ambientales que permitirán alcanzar los objetivos mundiales de sostenibilidad en la siguiente década.

Inversión en infraestructura: Se destinarán recursos a la construcción de infraestructura no residencial, lo que permitirá ampliar la participación de México en las cadenas de valor a nivel internacional.

Tecnología y medio ambiente: La economía nacional se beneficiará de la incorporación de herramientas tecnológicas para el

procesamiento de información a gran escala y la rentabilidad de numerosas empresas, con un enfoque en la sostenibilidad y el desarrollo responsable.

Análisis y consulta: Se realizarán análisis y consultas permanentes en materia de finanzas públicas y economía, involucrando a los Poderes Legislativo, Ejecutivo y Judicial, para garantizar la transparencia y el consenso en la toma de decisiones económicas.

Los CGPE 2025 cumplen las siguientes funciones:

1.- Definen la política económica: Establecen los lineamientos macroeconómicos y financieros para el año 2025, lo que guía las decisiones del Ejecutivo Federal y del Congreso de la Unión en materia de política económica.

2.- Inician el diálogo con el Congreso: Los CGPE 2025 permiten al Congreso de la Unión participar en el proceso presupuestario para el ejercicio fiscal 2025 y el ciclo presupuestario, lo que garantiza la transparencia y la participación ciudadana en la toma de decisiones económicas.

3.- Sirven como base para el Paquete Económico: Los CGPE 2025 son la base para el Paquete Económico del próximo año, que debe entregar el Ejecutivo Federal el 8 de septiembre, y que contiene las propuestas de ley para el presupuesto y la política económica para el año 2025.

Es en este tenor es que el presupuesto de egresos 2025, está elaborado con el objetivo de garantizar los Derechos de Acceso a la Información Pública y el de Protección de Datos Personales, con un enfoque basado en resultados, bajo tres programas presupuestarios, que son:

E030 - ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES EN POSESIÓN DE SUJETOS OBLIGADOS.

P015 - PROMOVER, FOMENTAR Y DIFUNDIR LA POLÍTICA ESTATAL EN MATERIA DE TRANSPARENCIA, ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES EN POSESIÓN DE SUJETOS OBLIGADOS.

M002 - GESTIÓN Y APOYO INSTITUCIONAL TRANSVERSAL.

El Primer programa presupuestario busca fomentar la transparencia que se entiende como la publicidad en la actuación de los servidores públicos y es necesaria para el ejercicio de la rendición de cuentas, es decir, abrir las puertas del gobierno a la información gubernamental de una manera clara, confiable y con ello permitir que los ciudadanos conozcan la ejecución y resultados de la actuación de la autoridad.

En el caso del segundo programa presupuestario busca fortalecer la política de transparencia ya acceso a la información, con el objetivo de garantizar el cumplimiento de los sujetos obligados de esta política pública.

En el caso del último programa presupuestario que trata de mejorar la rentabilidad ajustada al riesgo mediante resultados positivos del cambio, lo que implica a diversos grupos de interés de la sociedad para contribuir a obtener unos mejores resultados sostenibles a largo plazo que propicien mejores resultados en la política de transparencia y combate a la corrupción.

Con lo cual se alinea a lo establecido a la ley de Disciplina Financiera que incluye los Objetivos anuales, estrategias y metas, así como Proyecciones de finanzas públicas, considerando las premisas empleadas en los Criterios Generales de Política Económica que se realiza con base en los criterios de la CONAC.

En el caso de los ingresos, el Instituto de Acceso a la Información y Protección de Datos Personales de Quintana Roo (IDAIPQROO), no cuenta con una fuente específica de recursos propios, si bien la Ley de Transparencia del Estado establece la aplicación de multas, estas son recaudadas por el Estado por medio de la SEFIPLAN, por lo que el Instituto depende de manera directa de las transferencias que se le son otorgadas para poder llevar a cabo el desempeño de sus funciones establecidas en las dos leyes que lo avalan, la Ley de Transparencia y Acceso a la Información Pública para el Estado de Quintana Roo y la Ley de Protección de Datos Personales en Posesión de Sujetos Obligados para el Estado de Quintana Roo y los programas que de estas leyes emanan.

Para el cálculo del ingreso, en base a que la misma federación establece en los criterios de política económica citados al principio de este apartado, no se esperarían cambios en los ingresos y en las transferencias de la Federación hacia el Estado, por lo que se parte del supuesto que todo el presupuesto aprobado para el ejercicio, será ministrado por la Secretaría de Finanzas al Instituto, para el desarrollo de sus programas sustantivos y de apoyo.

Alineación del Programa con el Plan Nacional de Desarrollo, Programa Sectorial Federal Y Programa Estatal de Desarrollo 2023-2027

Los derechos de acceso a la información y protección de datos personales son fundamentales en un país que se conduce bajo el principio del Estado de Derecho. En este sentido, el fortalecimiento de la imagen nacional de México como un estado democrático debe sustentarse en la certidumbre de que los asuntos públicos se conducen con transparencia y rendición de cuentas. El Instituto de Acceso a la Información y Protección de Datos Personales de Quintana Roo (IDAIPQROO), se abre no sólo a nueva etapa en la consolidación de la democracia en el Estado, sino que motiva a la sociedad a participar de manera más directa a través del ejercicio del derecho humano de Acceso a la Información Pública y la Protección de Datos Personales en posesión de los Sujetos Obligados.

En términos generales la responsabilidad social de las instituciones públicas se ha multiplicado con la apertura en detalle de la información que el gobierno está obligado a entregar al ciudadano, y por su parte, las personas, retribuir a esta estructura de orden en el gobierno con un involucramiento mayor en la observancia del ejercicio de los recursos y el quehacer público.

**Congruencia con los Criterios Generales de Política Económica, de conformidad con el artículo 5  
de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios**

Los Criterios Generales de Política Económica 2025, refrendan la continuidad de la política económica, la cual ha estado orientada al desarrollo social, la estabilidad económica y prudencia en el manejo fiscal.

**PERSPECTIVAS ECONÓMICAS DE MÉXICO 2024 Y 2025**

En 2023, la economía mexicana ligó tres años de crecimiento por arriba de su promedio histórico al registrar una tasa de crecimiento de 3.2% anual. El desempeño de la economía obedeció a los altos niveles de inversión y al aumento del consumo privado. El sector externo también contribuyó al crecimiento de la economía mexicana. La mayor entrada de divisas se dio a través de las exportaciones, principalmente hacia Estados Unidos, con lo que México se posicionó como su principal socio comercial. Además, la IED alcanzó los 36 mil millones de dólares, lo que posicionó al país dentro de los cuatro principales receptores de inversión extranjera.

Hacia el cierre de 2024, se estima que el crecimiento de la actividad económica en México mantenga un buen desempeño, impulsado por el comportamiento del mercado interno, el cual continuará beneficiándose del aumento del empleo y los efectos permanentes del gasto en infraestructura y protección social. Si bien se espera un menor dinamismo del sector externo con respecto a 2023, los sectores con mayor integración comercial con Estados Unidos podrían verse beneficiados por el impulso que han tenido la inversión extranjera y la manufactura.

Hacia 2025, la estimación de crecimiento considera un crecimiento sostenido de la demanda interna, donde el empleo y la economía familiar tendrán una contribución importante al crecimiento nacional. Además, las nuevas tendencias globales de tecnología e intercambio comercial, aunado a los nuevos encadenamientos productivos generados por la relocalización de empresas, permitirán posicionar a México en la cadena de proveeduría global, beneficiando tanto a sectores tradicionalmente integrados con Estados Unidos, como a nuevos sectores que se desarrollen bajo el nuevo paradigma.

En 2023, la economía mexicana registró un crecimiento real anual de 3.2%, impulsada por la creación de empleo y el incremento de los salarios, factores que fomentaron el mayor consumo privado. A la par, se observaron mayores niveles de inversión, en un ambiente de reconfiguración del comercio mundial y de mayor infraestructura pública.

El sector externo también contribuyó de manera positiva al crecimiento económico a través de un aumento de la Inversión Extranjera Directa, el crecimiento del flujo de remesas y el mayor envío de productos mexicanos al exterior, lo que favoreció el posicionamiento de México como principal socio comercial de los Estados Unidos (EE.UU.).

En materia de finanzas públicas, en 2023 se cumplieron las metas fiscales aprobadas por el H. Congreso de la Unión. La deuda pública alcanzó un nivel de 46.8% del Producto Interno Bruto (PIB).

De acuerdo con las previsiones actuales, se estima que la actividad económica en México continuará creciendo en 2024 y 2025, impulsada por una sólida demanda interna, cuyo comportamiento seguirá reflejando el dinamismo del mercado laboral y la transformación de los patrones de consumo de los hogares con las nuevas tendencias globales, particularmente en materia tecnológica y medioambiental.

Adicionalmente, se observará una contribución significativa de los mayores niveles de inversión, tanto pública como privada. En gran medida, los recursos se destinarán al desarrollo de infraestructura no residencial, hecho que permitirá ampliar la participación de México en las cadenas de valor a nivel internacional.

La economía nacional también se verá beneficiada por la incorporación de un mayor número de herramientas tecnológicas, en beneficio del procesamiento de información a gran escala y la rentabilidad de numerosas empresas. A su vez, se proyecta una aceleración en la integración de criterios ambientales que permitirá alcanzar los objetivos mundiales de sostenibilidad en la siguiente década.

De esta manera, se anticipa que la economía mexicana crecerá en rangos de 2.5 a 3.5% en 2024 y de 2 a 3% en 2025, en línea con las estimaciones presentadas en el Paquete Económico 2024. Cabe señalar que la posible moderación respecto al desempeño observado en 2023 obedecería a la normalización del desempeño de algunos subsectores del sector servicios con desempeños extraordinarios por la reapertura de actividades tras el paso de la pandemia del COVID-19 y la disminución del ahorro acumulado de los hogares, así como a la previsión de un menor crecimiento de EE.UU. con impacto en las exportaciones, el turismo y la entrada de remesas.

En el caso de las finanzas públicas, hacia el cierre de 2024, se anticipa el cumplimiento de las metas fiscales, así como un nivel estable de la deuda pública.

Cabe destacar que los Requerimientos Financieros del Sector Público (RFSP) muestran un aumento sobre la cifra aprobada de 0.5% del PIB, es decir de 5.4% a 5.9% proyectado al cierre de 2024. Ello se debe fundamentalmente por un aumento en los RFSP no presupuestarios y se explica por:

1. El efecto en costo de colocaciones de papel de deuda debajo de par, ante tasas de interés relativamente altas, y
2. El efecto del pago de la prima inflacionaria en la deuda indizada a la inflación.

Además, los RFSP presupuestarios se mantienen suficientemente en línea con lo aprobado, es decir, pasan de -4.9% del PIB aprobado a -5%.

Al interior, los ingresos presupuestarios aumentan al cierre en 0.6% del PIB sobre lo aprobado, debido a mayores ingresos petroleros (en 0.3% del PIB) relacionados con un mayor precio del petróleo. Asimismo, por un aumento en los tributarios no petroleros (0.2%) por un mejor desempeño de la recaudación de ISR, así como por mayores ingresos de organismos y empresas por 0.1%.

El gasto presupuestario también aumenta en 0.7% del PIB debido a un mayor gasto programable devengado. Parte de este gasto ya incluye un impacto favorable de reducción en el costo financiero aprobado, de 3.7% del PIB a 3.6%.

#### FINANZAS PÚBLICAS 2024 Y 2025

En 2024, se anticipa un balance presupuestario que permitirá cumplir la meta fiscal aprobada por el H. Congreso de la Unión. Si bien se prevé un mayor déficit presupuestario con respecto al cierre de 2023, éste tendrá un carácter transitorio debido a la culminación de los principales proyectos prioritarios de infraestructura. De esta manera, para 2025 se prevé un menor déficit público respecto a lo estimado para este año, lo cual permitirá que la deuda pública como porcentaje del PIB se mantenga constante y en una trayectoria sostenible. Para 2025 se estima que los ingresos presupuestarios sean mayores en 163 mil millones de pesos respecto al monto previsto en la LIF 2024, resultado de las siguientes variaciones en sus componentes:

- Mayores ingresos tributarios en 170 mil millones de pesos, por la mayor actividad económica y el efecto de las ganancias permanentes por eficiencia recaudatoria y la mayor base de comparación.
- Menores ingresos petroleros en 98 mil millones de pesos, asociados a un menor precio promedio del petróleo respecto al aprobado para 2024, de acuerdo con la fórmula establecida en el Art. 31 de la LFPRH.
- Mayores ingresos no tributarios en 4 mil millones de pesos.
- Mayores ingresos propios de las entidades distintas de Pemex en 87 mil millones de pesos.

En cuanto al gasto neto total se prevé que en 2025 disminuya en 706 mil millones de pesos respecto al monto aprobado en PEF 2024, En específico, se estima que:

- El conjunto del costo financiero, las participaciones a entidades federativas y municipios y las Adefas disminuirá en 43 mil millones de pesos debido mayores participaciones, a un menor costo financiero, que resulta de una disminución en las tasas de interés y un menor endeudamiento público, así como de la reducción del pago de Adefas.
- Considerando lo anterior, se proyecta una reducción del gasto programable pagado de 662 mil millones de pesos respecto a lo aprobado. Cabe destacar que este menor gasto no afectará los compromisos de gasto social ni impactará la provisión de servicios públicos, el pago de obligaciones legales o contractuales.

Como resultado del desempeño de los ingresos y el gasto, en 2025 se proyecta un escenario de consolidación fiscal con un balance primario positivo y un nivel de deuda como porcentaje del PIB de 50.2%, en línea con el cumplimiento de la LFPRH y su Reglamento.

Hacia 2025, se prevé un mayor nivel de los ingresos presupuestarios respecto a lo estimado para 2024, derivado de la evolución estimada de la actividad económica y el empleo, así como de los efectos de las medidas de eficiencia recaudatoria.

1.4. DESCRIPCIÓN DE LOS RIESGOS RELEVANTES PARA LAS FINANZAS PÚBLICAS.

Existen riesgos relevantes que impedirían el cumplimiento de los objetivos trazados por la Fiscalía General del Estado, estos son de naturaleza externa como lo son:

1. El riesgo de adecuar el marco normativo que regula las atribuciones, facultades, funciones y estructura orgánica de la Institución, base fundamental para contar con una base jurídica solida que sustente nuestras acciones que nos permitirá darle certeza a la sociedad quintanarroense de nuestros avances y a su vez, contribuir a respetar sus libertades y derechos, preservando el orden y la paz.
2. No fortalecer el sistema de justicia penal en el estado, pone en riesgo al organismo autónomo para brindar los servicios de procuración de justicia de forma ágil, oportuna de calidad y calidez a la ciudadanía víctimas de los delitos y denunciantes así mismo, se afectarían los mecanismos alternos de solución de controversias y los procesos de investigación de los hechos delictivos, la posibilidad del esclarecimiento de la verdad, la atención a las víctimas y las reparaciones de los daños causados a las víctimas.
3. El riesgo de que se incremente el rezago de las carpetas de investigación, derivado de una autoridad ministerial inadecuada por falta de profesionalización, especialización y certificación del personal, para el desempeño de las actividades de investigación y los servicios de Procuración de Justicia con Perspectiva de Género y Respeto a los Derechos Humanos.
4. El riesgo de que no se recupere la confianza en las autoridades ministeriales y la reducción de las denuncias ciudadanas victimas del delito, provocaría que se eleve el índice de la Cifra Negra en el Estado.

5. El riesgo de que la ciudadanía no confíe en los servicios de Procuración de Justicia, a falta de resultados de forma pronta y expedita en la determinación de las carpetas de Investigación.
6. El riesgo de garantizar el acceso a la Justicia a las Mujeres Víctimas del Delito de Violencia por Razones de Género.
7. El riesgo de que se reduzca el fortalecimiento y modernización de las capacidades técnicas y materiales de las áreas sustantivas y administrativas, así como acondicionar y contar con espacios dignos para la atención de la ciudadanía.
8. El riesgo de que se limite la participación de la ciudadanía, organizaciones de la sociedad civil, sector empresarial y academia para fomentar la prevención del delito y el apoyo integral a las víctimas de delito.

Este tipo de riesgos detonan problemas en la operatividad de la Fiscalía y la calidad del desempeño del Ministerio Público se vea mermada a falta del Capital Humano especializado y certificado, la infraestructura adecuada en toda la cobertura estatal y el equipamiento tecnológico de alta calidad para su operatividad.

#### **Monto de Deuda Contingente y propuestas de acción para enfrentarlos**

La Fiscalía General del Estado de Quintana Roo durante los últimos meses del ejercicio 2024, ha sido condenado en un total de 7 resoluciones entre Laudos e Indemnizaciones Constitucionales, sin embargo, aunque estas han sido dictadas, aún no se tiene determinado el monto a pagar, causa un riesgo financiero en el capítulo 1000, debido a que, al no estar definido dicho monto y que son necesidades que no se encuentran contempladas dentro del Presupuesto, se reduce el recurso financiero destinado para la plantilla laboral, ya que, este Órgano Autónomo no puede omitir el cumplimiento de las obligaciones adquiridas.

Buscando establecer un remedio ante lo antes mencionado, es decir, que se permita solicitar las ampliaciones presupuestarias para adecuar y enfrentar las obligaciones pecuniarias de la Fiscalía General del Estado de Quintana Roo.

La Fiscalía General del Estado de Quintana Roo, tiene como fin la investigación de los delitos y el esclarecimiento de los hechos, otorgar una procuración de justicia eficaz, efectiva apegada a derecho, proteger al inocente, procurar que el culpable no quede impune, así como proveer, proteger, respetar y garantizar los derechos de la sociedad en general.

Derivado de la publicación del Decreto Núm. 122 en el Periódico Oficial del Estado, el día 03 de noviembre del año 2023; se reformaron, derogaron y adicionaron diversas disposiciones de la Ley Orgánica de la Fiscalía General del Estado, en donde se crearon 21 Fiscalías

Especializadas para la investigación y persecución de diferentes delitos. Lo anterior, ante el incremento en las denuncias y, por consiguiente, en las vinculaciones a proceso y órdenes de aprehensión que ha obtenido esta Fiscalía General del Estado durante el ejercicio fiscal 2023 y el presente ejercicio 2024. Esto implica que para el ejercicio fiscal 2025, se busque fortalecer la estructura de esta Fiscalía General, con una eficiencia operativa que dé respuesta inmediata a las necesidades de la población. Por tal motivo es indispensable fortalecer estas Fiscalías especializadas que se crearon con la función específica para atender todas las demandas que se generan por múltiples acciones negativas que vulneren la tranquilidad de los habitantes del estado, así como para fortalecer las mesas de investigación, con un cuerpo de Fiscales del Ministerio Público (MP), Auxiliares de Ministerios Públicos (AMP), Peritos altamente capacitados en diversas ramas en la dictaminación de hechos delictivos, así como de Policías de investigación (PDI); todo este equipo de trabajo que garantice la pronta respuesta a las denuncias interpuestas por la sociedad que se ha vulnerado su tranquilidad, y por lo consiguiente abatir el rezago en las carpetas de investigación.

Adicionalmente, con fecha 19 de diciembre de este ejercicio fiscal, se publicó en el Diario Oficial de la Federación la Resolución del H. Consejo de Representantes de la Comisión Nacional de Salarios Mínimos que fija los salarios mínimos generales y profesionales que habrán de regir a partir del 1 de enero del 2025. Dicha publicación determinó lo siguiente:

**“SEGUNDO.-** En esta ocasión, en términos generales, para efectos de la fijación de los salarios mínimos se integran tres componentes: primero, el monto del salario mínimo vigente a partir del 1º de enero de 2024; segundo, un Monto Independiente de Recuperación (MIR) que se suma al monto del salario mínimo vigente anterior; y, tercero, un factor de aumento por fijación igual a 6.5% que se aplica a la suma del salario mínimo vigente anterior y al MIR.

**TERCERO.-** Los salarios mínimos generales que tendrán vigencia a partir del 1º de enero de 2025, se incrementarán en 12% en las dos zonas descritas en el primer resolutivo, por tanto, serán de 419.88 pesos diarios por jornada diaria de trabajo en el área geográfica de la Zona Libre de la Frontera Norte (ZLFN), cuyo incremento se compone de 19.36 pesos de MIR más un aumento por fijación del 6.5%, y para La Zona del Salario Mínimo General (ZSMG) el salario mínimo será de 278.80 pesos diarios, por jornada diaria de trabajo, cuyo incremento se compone de 12.85 pesos de MIR más 6.5% de aumento por fijación. Estos montos serán los que figuren en la Resolución de este H. Consejo, mismos que serán publicados en el Diario Oficial de la Federación (DOF) como cantidad mínima que deberán recibir en efectivo las y los trabajadores.

En resumen, la ampliación de la plantilla de personal tiene como objetivo principal fortalecer las funciones sustantivas de este organismo autónomo, como la investigación y persecución del delito, así como la atención a las víctimas. Con un equipo más amplio se logrará un desempeño más eficiente, mejorando los tiempos de respuesta en la recepción de denuncias, querellas y en la resolución de casos. Esto redundará en una atención más ágil y de mayor calidad, lo que, a su vez, facilitará el acceso de los ciudadanos a la justicia, reduciendo los tiempos de espera y mejorando la experiencia del usuario en el proceso de procuración de justicia.

Este incremento de personal tendrá un impacto directo en la eficiencia de los trámites y en la agilidad de los procedimientos judiciales. Al contar con un número mayor de profesionales, se pretenden optimizar los recursos humanos, lo que permitirá a la institución atender de manera más rápida y eficaz las demandas de la ciudadanía. Con ello, se espera mejorar la satisfacción de los ciudadanos así como las condiciones de seguridad en el Estado, al brindar un servicio de justicia más accesible y eficiente.

Finalmente, es importante señalar que el crecimiento en materia de Servicios Personales de esta Fiscalía General del Estado, es indispensable para la aplicación del Salario Mínimo que estará vigente a partir del 1 de enero del año 2025 por resolución publicada en el Diario Oficial de la Federación el día 19 de diciembre del presente ejercicio fiscal, así como con fundamento en los artículos 123, fracción VI, apartado A) de la Constitución Política de los Estados Unidos Mexicanos, así como en los artículos 90, 91, 92, 93, 94, 95, 96, 322, 323, 335, 345, 551, 553, 554, 557, 561, 562, 563, 570, 571, 574 y demás relativos de la Ley Federal del Trabajo y el Artículo 10, fracción I, inciso b, último párrafo, de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios.

Así mismo, el artículo Noveno Transitorio del Decreto 002 por el que se reforman, derogan y adicionan diversas disposiciones de la Constitución Política del Estado Libre y Soberano de Quintana Roo, publicado en el Periódico Oficial del Estado el nueve de septiembre del dos mil veinticuatro, señala que las personas titulares de la Presidencia del Tribunal de Justicia Administrativa y Anticorrupción del Estado y de la Fiscalía Especializada en Combate a la Corrupción del Estado, órganos públicos autónomos que se crearon mediante el referido decreto, deberán realizar las acciones que resulten necesarias para presentar a la Legislatura del Estado el proyecto de presupuesto de egresos que les corresponda, para su discusión, y en su caso, aprobación y posterior inclusión en el Presupuesto de Egresos del Estado para el ejercicio fiscal 2025.

Por su parte, el artículo 6, párrafo segundo, fracción I en relación con el artículo 15, apartado A, fracción II de la Ley Orgánica del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo establecen que este Tribunal, a través del H. En virtud de lo anterior, este Tribunal tiene la obligación de remitir a la Legislatura del Estado su proyecto de presupuesto a fin de que este sea incluido en el Decreto del Presupuesto de Egresos para el ejercicio fiscal 2025.

### EXPOSICIÓN DE MOTIVOS

El ramo de la procuración y administración de justicia ha sido una de las preocupaciones de la presente administración, por lo cual se ha hecho una revisión exhaustiva del marco jurídico y de la estructura administrativa, lo que derivó en la reforma a la constitución local y en la reforma o abrogación de diversas disposiciones jurídicas que regulan el funcionamiento de las autoridades administrativas y jurisdiccionales, entre las que se encuentra este Tribunal.

Es por ello que este Tribunal, ha asumido el compromiso de prestar atención prioritaria al marco legislativo que lo rige, mismo que tiene como principal propósito la impartición de justicia en materia administrativa mediante la resolución de los juicios contenciosos administrativos derivados de controversias entre la administración pública estatal y municipal y los particulares, así como el combate a la corrupción a través de la resolución de procedimientos de responsabilidad administrativa y la imposición de sanciones que correspondan en los casos que resulten procedentes. Constituyéndose como una institución clave en la promoción de la transparencia y el combate a la corrupción, que al mismo tiempo asegura la correcta aplicación de la justicia en temas fiscales, desarrollo urbano y medio ambiente, a través de personal altamente especializado.

Al respecto es importante destacar que conforme al artículo 110, párrafo tercero de la Constitución Local el Tribunal debe contar por lo menos, con tres Salas Especializadas con competencia en materia de Responsabilidades Administrativas y Combate a la Corrupción, en materia Fiscal y Tributaria y en materia de Desarrollo Urbano y Medio Ambiente, las cuales tienen las facultades, atribuciones y obligaciones establecidas en los artículos 27, 28 y 29 de la Ley Orgánica del Tribunal de Justicia Administrativa y Anticorrupción del Estado. La creación de Salas Especializadas responde a la necesidad de un sistema de justicia más eficiente, capaz de abordar los asuntos complejos que demandan atención en el ámbito administrativo y anticorrupción. Este modelo especializado, además de garantizar una administración de justicia expedita y precisa y contribuye a la construcción de un estado donde impere la legalidad y la integridad en el servicio público.

La especialización de cada Sala no solo busca optimizar la resolución de conflictos específicos, sino también fortalecer la confianza de la ciudadanía en el sistema de justicia, brindando una atención enfocada y con experiencia en áreas de alta sensibilidad para el desarrollo social y económico del Estado.

Es así que fundamento en los artículos antes citados y mediante Sesión Administrativa Extraordinaria celebrada el treinta de octubre del dos mil veinticuatro, el Pleno del Tribunal, creó cuatro Salas Especializadas denominadas Primera Sala Ordinaria y Especializada en materia de responsabilidades administrativas y combate a la corrupción, Segunda Sala Ordinaria y Especializada en materia fiscal y tributaria, Tercera Sala Ordinaria y Especializada en materia fiscal y tributaria y Cuarta Sala Ordinaria y Especializada en materia de desarrollo urbano y medio ambiente.

En relación con las metas, objetivos y alcances de cada Sala Especializada que integrará al Tribunal de Justicia Administrativa y Anticorrupción, es importante señalar que las Salas Especializadas tienen como fin el atender con precisión y eficiencia las necesidades de justicia administrativa y combate a la corrupción en áreas críticas. Por lo que la Primera Sala, está enfocada en responsabilidades administrativas y combate a la corrupción, por lo que tiene como objetivo sancionar las faltas administrativas graves y los actos de corrupción, promoviendo la transparencia y el fortalecimiento de la integridad en el ejercicio público, conforme a la Ley General de Responsabilidades Administrativas. Este enfoque garantiza que las faltas de los servidores públicos y los particulares sean atendidas con el rigor que demanda la ciudadanía.

En el ámbito fiscal, la Segunda y Tercera Sala están dedicadas a la resolución de conflictos fiscales y tributarios, proporcionando un espacio de justicia ágil y especializado para asegurar la protección de los derechos de los contribuyentes y el cumplimiento de las obligaciones fiscales. Estas Salas buscan facilitar la relación entre el contribuyente y la administración fiscal, promoviendo un entorno de seguridad jurídica y equidad en el manejo de recursos públicos.

Finalmente, la Cuarta Sala se especializa en desarrollo urbano y medio ambiente, abordando controversias relacionadas con el uso de suelo, el ordenamiento territorial y la conservación de los recursos naturales. Su objetivo es resolver conflictos con un enfoque técnico que permita el desarrollo urbano en armonía con la protección ambiental, asegurando así un crecimiento sostenible y responsable en el estado de Quintana Roo.

La especialización fortalece el compromiso del Tribunal con la administración de justicia, asegurando un servicio ágil que responda a las demandas de legalidad y equidad de la población.

Como marco presupuestal, la implementación efectiva de este modelo especializado requiere de economías que cubran los recursos humanos, tecnológicos y de infraestructura necesarios para asegurar el adecuado funcionamiento de cada Sala. Para el ejercicio Fiscal 2025 se solicita a la Honorable XVII Legislatura Constitucional del Estado Libre y Soberano de Quintana Roo la aprobación de este presupuesto destinado a la operación, desarrollo y fortalecimiento del Tribunal de Justicia Administrativa y Anticorrupción. Este financiamiento permitirá cubrir necesidades esenciales, así como la actualización de herramientas tecnológicas para la gestión de expedientes y casos, y la adecuación de la infraestructura física con el objetivo de ofrecer una justicia accesible y moderna para los ciudadanos de Quintana Roo.

Además, la construcción de este presupuesto responde a la necesidad imperiosa de alinear los objetivos de este órgano constitucional autónomo con los principios del sistema nacional y estatal anticorrupción.

Ahora bien, para la elaboración de este presupuesto, es importante tomar en cuenta que el Artículo Cuarto Transitorio del Decreto 002 por el que se reforman, derogan y adicionan diversas disposiciones de la Constitución Política del Estado Libre y Soberano de Quintana Roo, publicado en el Periódico Oficial del Estado de Quintana Roo el nueve de septiembre del dos mil veinticuatro, y los artículos Segundo, Tercero, Cuarto y Quinto de la Ley Orgánica del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo publicada el siete de octubre del mismo año, establecen que:

1. Los asuntos jurisdiccionales pendientes de resolución iniciados con anterioridad a la entrada en vigor del presente decreto y los que sean sustanciados por el Tribunal de Justicia Administrativa del Estado serán transferidos y turnados al nuevo Tribunal de Justicia Administrativa y Anticorrupción del Estado para continuar con su trámite y resolución conforme a la ley vigente al momento de su inicio y a los acuerdos aprobados por el Pleno del nuevo Tribunal. Los asuntos con resolución ejecutoriada emitida por el Tribunal de Justicia Administrativa del Estado, quedarán firmes para todos los efectos legales a que haya lugar.
2. Los recursos humanos, materiales, financieros y presupuestales con que cuenta el Tribunal de Justicia Administrativa del Estado, incluyendo todos sus bienes y derechos, pasarán íntegramente a formar parte del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, para lo cual se llevarán a cabo todos los procesos administrativos de transferencia y entrega recepción que resulten necesarios conforme a las leyes aplicables.
3. Los convenios, contratos y acuerdos suscritos por el Tribunal de Justicia Administrativa del Estado de Quintana Roo seguirán teniendo vigencia en los términos acordados y en lo sucesivo constituirán parte de los derechos y obligaciones del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, lo anterior, sin perjuicio del derecho de las partes a ratificarlos, modificarlos o rescindirlos.
4. Las personas trabajadoras que se encuentren prestando sus servicios en el Tribunal de Justicia Administrativa del Estado y que sean transferidos al Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo conservarán los derechos laborales que les corresponden conforme a su régimen de contratación.
5. Las personas servidoras públicas del Tribunal de Justicia Administrativa del Estado que, a la entrada en vigor de los citados decretos, sean parte del servicio profesional de carrera jurisdiccional y que sean transferidos al Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, conservarán los derechos de permanencia que les corresponden.

De lo anterior se advierte la existencia de una transferencia de los derechos y obligaciones del otrora Tribunal de Justicia Administrativa del Estado de Quintana Roo a este Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo.

En ese sentido, de conformidad con los artículos transitorios antes señalados, resulta necesario tomar como antecedente los últimos cinco ejercicios fiscales del otrora Tribunal de Justicia Administrativa del Estado de Quintana Roo, por lo que la serie histórica 2019-2024 de resultados de los egresos (5 años) se expresa gráficamente como sigue:

| Serie Histórica 2019-2024 de resultados de los egresos (5 años) |               |               |               |               |               |               |

| Total                                                           | 62,258,324.83 | 68,156,930.33 | 69,252,441.00 | 69,967,441.00 | 76,671,823.00 | 99,506,119.00 |

Adicionalmente, debe señalarse que conforme a las atribuciones otorgadas al Tribunal de Justicia Administrativa y Anticorrupción del Estado, el personal jurisdiccional requiere contar con un esquema de ingreso, promoción, permanencia y retiro, que garantice la profesionalización y especialización permanente de las personas servidoras públicas que lo integran, al atender materias específicas de alta complejidad, toda vez que Tribunal debe contar por lo menos, con tres Salas Especializadas con competencia en materia de Responsabilidades Administrativas y Combate a la Corrupción, en materia Fiscal y Tributaria y en materia de Desarrollo Urbano y Medio Ambiente, por lo que el mayor porcentaje de las plazas del Tribunal se dedica a las funciones jurisdiccionales, mismas que conforme a lo antes señalado deben contar con conocimientos especializados y estar certificados como requisito para su permanencia, conforme a lo señalado en el artículo 66 de la citada Ley Orgánica.

Cabe destacar que el referido artículo también establece que las personas titulares de las unidades administrativas del Tribunal deberán estar certificadas como requisito para su permanencia.

Así mismo, la Ley Orgánica del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, publicada en el Periódico Oficial del Estado el siete de octubre del dos mil veinticuatro, y la Constitución Local prevén personal adicional al que fue transferido del otrora Tribunal de Justicia Administrativa del Estado de Quintana Roo, tal como lo es el Órgano de Administración y Disciplina Jurisdiccional y la Unidad de Disciplina Jurisdiccional, así como responsabilidades nuevas para el tribunal, pues dichas unidades administrativas se encargan de la disciplina jurisdiccional del Tribunal a través del procedimiento respectivo.

Por otro lado, la Ley General de Mecanismos Alternativos de Solución de Controversias, impone al Tribunal una serie de obligaciones para impulsar, fomentar y difundir el uso de los mecanismos alternativos de solución de controversias en materia administrativa, entre otras las siguientes:

1. La creación de Centros Públicos de Mecanismos Alternativos de Solución de Controversias en materia de Justicia Administrativa.
2. Disponer la infraestructura y requerimientos tecnológicos necesarios para el trámite y prestación de los servicios de mecanismos alternativos de solución de controversias en materia administrativa, en la modalidad presencial o mediante tecnologías de la información y la comunicación;
3. Habilitar áreas de atención al público y campañas de difusión
4. Ejecutar programas de capacitación y actualización para las personas facilitadoras
5. Crear y mantener actualizado el Registro de Personas Facilitadoras en el sitio web del Tribunal

Finalmente, el Código de Procedimientos y Justicia Administrativa del Estado de Quintana Roo, impone al Tribunal, el desarrollo e implementación del Sistema de Justicia en Línea, el cual es un sistema informático establecido mediante el cual se pueda registrar, controlar, procesar, almacenar, difundir, transmitir, gestionar, administrar y notificar los diversos actos que se desarrollan en el Juicio en línea que se sustancie ante el Tribunal.

En ese sentido, los recursos que permitan llevar a cabo los fines específicos del tribunal tales como la resolución de las controversias que se susciten entre la administración pública estatal y municipal y los particulares así como de los procedimientos de responsabilidad administrativa de los servicios públicos; la especialización y certificación del personal jurisdiccional, así como las personas titulares de las unidades administrativas del Tribunal; la implementación de los Mecanismos Alternativos de Solución de Controversias en materia de Justicia Administrativa; la implementación del Sistema de Justicia en línea para sustanciación y resolución del Juicio en Línea, entre otros, son de suma importancia, ya que el Tribunal es uno de los mecanismos con los que cuenta la sociedad para la defensa de sus intereses sobre las decisiones del Estado, y que a la vez legitima el interés de éste para actuar con justicia ante los ciudadanos.

Así es como se resume que para la estimación del presupuesto de egresos para el ejercicio fiscal 2025, se prioriza dar cumplimiento al marco normativo señalado en la presente exposición de motivos, y se toman como base los recursos necesarios del capital humano, de servicios e insumos materiales, y de Tecnologías de Información y la Comunicación (TIC) requeridos para la operación del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, aunado a una referencia histórica en el ejercicio de los recursos de ejercicios anteriores, conforme a las disposiciones emitidas en materia de integración presupuestal y por supuesto sobre la base del uso racional y eficiente de los recursos.

Así mismo se definieron las metas para el ejercicio fiscal 2025, estableciendo los riesgos relevantes que podrían incidir en el cumplimiento de los objetivos institucionales y una distribución de los ingresos que se estiman recibir conforme a lo siguiente:

Asimismo, este órgano jurisdiccional resolverá y conocerá de las responsabilidades administrativas de las personas servidoras públicas y particulares vinculados con faltas graves previamente sustanciadas por la Secretaría de la Contraloría del Estado y los Órganos Internos de Control de los entes públicos estatales, municipales y organismos autónomos, para la imposición de sanciones en términos de lo dispuesto por la Ley General de Responsabilidades Administrativas y la Ley de Responsabilidades Administrativas del Estado de Quintana Roo y sus Municipios, así como de los demás asuntos que sean de su competencia conforme a las referidas leyes.

Además, es competente para fincar a los responsables el pago de las indemnizaciones y sanciones pecuniarias que deriven de los daños y perjuicios que afecten a la Hacienda Pública Estatal o Municipal, o al patrimonio de los entes públicos estatales o municipales, y aprobar, modificar o dejar sin efectos la jurisprudencia y tesis relevantes que se deriven de las sentencias del Tribunal de Justicia Administrativa y Anticorrupción del Estado.

Finalmente, con fundamento en los artículos 2, 6, 8, 9, 10 y 13 de la Ley del Sistema Anticorrupción del Estado de Quintana Roo y como integrante del Comité Coordinador del Sistema Estatal Anticorrupción, corresponde al Tribunal participar en la ejecución de las obligaciones de dicho comité así como el seguimiento y ejecución de los programas de implementación de la Política Estatal Anticorrupción y las demás políticas integrales implementadas por el referido Comité, conforme a su competencia.

En ese sentido, con la finalidad de que la impartición de justicia sea accesible, pronta y expedita para toda la población en el territorio de nuestra entidad, resulta fundamental la actuación de sus cuatro Salas que se encuentran distribuidas en todo el territorio de la Entidad y que tienen a su cargo la labor jurisdiccional del Tribunal en primera instancia. Así como actuación del Pleno como órgano colegiado, que se constituye como segunda instancia y es competente para conocer y resolver los recursos, incidentes y demás asuntos contemplados en el Código de Procedimiento y Justicia Administrativa del Estado, así como aquellos que contempla la Ley General de Responsabilidades Administrativas.

Se debe destacar que las sentencias y resoluciones que emite el Tribunal en ambas instancias permiten garantizar la legalidad en la actuación de las autoridades de la administración pública estatal y municipal, ya que aseguran que las decisiones y actuaciones de la administración pública se ajusten a la ley y respeten los derechos de los ciudadanos; garantizan el respeto a los derechos fundamentales, proporcionando un recurso efectivo para aquellos que consideran que sus derechos han sido vulnerados por la administración pública y contribuyen a la transparencia en la gestión pública y asegurando que los funcionarios públicos rindan cuentas por sus acciones y decisiones.

Lo anterior está vinculado en el Objetivo de Desarrollo Sostenible 16, de la Agenda 2030 que establece: "Promover sociedades pacíficas e inclusivas para el desarrollo sostenible, facilitar el acceso a la justicia para todos y crear instituciones eficaces, responsables e inclusivas a todos los niveles"; Meta 16.3 "Promover el estado de derecho en los planos nacional e internacional y garantizar la igualdad de acceso a la justicia para todos".

**DESCRIPCIÓN DE LOS RIESGOS RELEVANTES PARA LAS FINANZAS PÚBLICAS.**

De conformidad con lo establecido en el artículo 5 de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios se describen los riesgos relevantes asociados a las finanzas públicas del Estado de Quintana Roo que por depender de la industria turística pueden tener un impacto significativo, mismos que son los siguientes:

**Tensión geopolítica:**

- **Disminución del turismo internacional:** La incertidumbre global y los conflictos internacionales pueden desalentar a los viajeros, especialmente a aquellos provenientes de países lejanos, a realizar viajes turísticos. Esto se traduce en una disminución de la llegada de turistas a Quintana Roo, afectando la ocupación hotelera, los ingresos de las empresas turísticas y la recaudación fiscal.
- **Volatilidad del tipo de cambio:** Las tensiones geopolíticas pueden generar volatilidad en el tipo de cambio, encareciendo los viajes para los turistas extranjeros y afectando la competitividad de Quintana Roo como destino turístico.

**Inflación:**

- **Aumento de los costos:** La inflación encarece los insumos y servicios necesarios para la industria turística, como alimentos, energía y transporte. Esto puede aumentar los precios de los servicios turísticos, reduciendo la demanda y afectando la rentabilidad de las empresas.
- **Disminución del poder adquisitivo:** La inflación reduce el poder adquisitivo de los turistas, lo que puede llevarlos a reducir sus gastos en viajes y actividades turísticas, afectando los ingresos del sector.

**Desaceleración económica:**

- **Reducción del gasto en viajes:** En épocas de desaceleración económica, las personas tienden a reducir sus gastos discrecionales, como los viajes de placer. Esto puede disminuir la demanda de servicios turísticos en Quintana Roo, afectando la ocupación hotelera y los ingresos del sector.
- **Disminución de la inversión:** La incertidumbre económica puede desalentar la inversión en el sector turístico, lo que puede afectar el desarrollo de nuevos proyectos y la renovación de la infraestructura existente.

**Cambio climático:**

- **Eventos climáticos extremos:** Los huracanes, inundaciones y otros eventos climáticos extremos pueden causar daños a la infraestructura turística, interrumpir las operaciones y afectar la seguridad de los turistas, lo que puede desalentar las visitas y generar pérdidas económicas.
- **Degradación del medio ambiente:** El cambio climático puede afectar la calidad de los atractivos turísticos naturales de Quintana Roo como las playas, los arrecifes de coral y las selvas. Esto puede disminuir el atractivo del destino y afectar la llegada de turistas.

**Altos niveles de inseguridad:**

- **Percepción de seguridad:** Los turistas, al elegir un destino, consideran la seguridad como un factor primordial, si perciben que Quintana Roo es un lugar inseguro, optarán por otros destinos que les brinden mayor tranquilidad.
- **Disminución de la llegada de turistas:** La inseguridad puede provocar una disminución en la llegada de turistas, afectando la ocupación hotelera, los ingresos de las empresas turísticas y la generación de empleos.
- **Daño a la imagen del destino:** La percepción de inseguridad puede dañar la imagen de Quintana Roo como destino turístico, lo que puede tardar años en recuperarse y afectar la competitividad del estado frente a otros destinos.

Ante los riesgos como la disminución del turismo por tensiones geopolíticas o la afectación a la imagen del destino por la inseguridad, que podrían generar una disminución en la recaudación fiscal y obligar a realizar recortes presupuestarios, resulta esencial privilegiar la impartición de Justicia Administrativa.

El Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, en cumplimiento de su mandato constitucional y legal, no solo resuelve controversias entre los ciudadanos y la administración pública municipal o estatal, sino que también fortalece el Estado

de Derecho, lo cual atrae y fomenta la inversión del sector turístico pues se garantiza la igualdad ante la ley, la protección de los derechos fundamentales y la justicia imparcial. En caso contrario, se sumaría un factor más de riesgo a las finanzas públicas que consistiría en la desestabilización del Estado de Derecho ante el deterioro de la impartición de justicia administrativa, ya que, un recorte presupuestario afectará gravemente la operatividad jurisdiccional, la capacitación permanente del personal, la accesibilidad de los juicios en línea y en general todo lo relativo con el cumplimiento de los fines del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo. Por ello, es fundamental privilegiar dicho presupuesto, teniendo en cuenta las siguientes consideraciones:

#### 1. Importancia del Tribunal para la consolidación del Estado de Derecho:

El Tribunal de Justicia Administrativa y Anticorrupción es un pilar fundamental para la estabilidad económica y social de Quintana Roo. Sus funciones trascienden la mera resolución de controversias, contribuyendo a la consolidación de un Estado de Derecho sólido y confiable:

- **Impartición de justicia y Estado de Derecho:** El Tribunal garantiza la legalidad y transparencia en la actuación de la administración pública, resolviendo controversias entre ciudadanos y gobierno, y sancionando actos que violen la ley. Un sistema de justicia administrativa eficiente fomenta la seguridad jurídica, la inversión y el crecimiento económico.
- **Protección de los derechos de los ciudadanos:** El Tribunal defiende los derechos de los ciudadanos frente a actos arbitrarios o ilegales de la administración pública. Recortar su presupuesto limitaría su capacidad para brindar acceso a la justicia y proteger los derechos fundamentales.
- **Combate a la corrupción:** El Tribunal juega un papel clave en la lucha contra la corrupción, sancionando casos de desvío de recursos públicos, tráfico de influencias y enriquecimiento oculto y demás faltas administrativas calificadas como graves de conformidad con la Ley General de Responsabilidades Administrativas. Debilitar al Tribunal afectaría la rendición de cuentas y la confianza en el gobierno, esto es especialmente relevante en un estado como Quintana Roo, cuya principal fuente de ingresos es el turismo, un sector vulnerable a la corrupción.

#### 2. Impacto negativo de un recorte presupuestario:

Un recorte presupuestario al Tribunal de Justicia Administrativa y Anticorrupción tendría consecuencias negativas de gran alcance:

- **Reducción de la capacidad operativa:** Limitaría la capacidad del Tribunal para contratar personal calificado, adquirir insumos, mantener su infraestructura e implementar tecnologías necesarias para un funcionamiento óptimo, como lo es la entrada en funciones del juicio en línea previsto en el artículo 262 del Código de Procedimientos y Justicia Administrativa del Estado de Quintana Roo, afectando la eficiencia y la calidad de la justicia administrativa.
- **Retraso en la resolución de casos:** La falta de recursos provocaría un rezago en la resolución de casos, afectando el acceso a la justicia y generando incertidumbre para los ciudadanos y las empresas, esto podría desincentivar la inversión y afectar el crecimiento económico.
- **Afectación a la independencia jurisdiccional:** Un Tribunal con recursos limitados puede ser más vulnerable a presiones e influencias externas, lo que comprometería su independencia y la imparcialidad de sus decisiones, elementos esenciales para la confianza en el sistema judicial.

Por lo que respecta a Deuda contingente, se puede establecer que el Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo no cuenta con dicho concepto dentro de sus registros contables, toda vez que se da cumplimiento a las disposiciones aplicables en materia de ejercicio de recursos.

En conclusión, el Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo es un actor clave para la estabilidad económica, la protección de los derechos y el combate a la corrupción. Recortar su presupuesto tendría consecuencias negativas para el Estado de Derecho, la inversión y el desarrollo de Quintana Roo. Por ello, es fundamental mantener el presupuesto asignado al Tribunal, garantizando su funcionamiento óptimo y su contribución al bienestar de la sociedad quintanarroense.

• Informe sobre estudios actuariales.

En cumplimiento a lo dispuesto por los artículos 5 fracción V de la Ley de Disciplina Financiera de las Entidades Federativas y Municipios; y 46 fracción I inciso d), de la Ley General de Contabilidad Gubernamental, ambos relacionados con la información de pasivos contingentes, se aclara que el presente Presupuesto de Egresos 2025 no presenta Estudio Actuarial por pasivos laborales contingentes de alguna obligación posible, presente o futura cuya existencia y/o realización sea incierta.

En otros términos, los pasivos contingentes son obligaciones que tienen su origen en hechos específicos e independientes del pasado que en futuro pueden ocurrir o no y, de acuerdo con lo que acontezca, desaparecen o se convierten en pasivos reales, por ejemplo, juicios, garantías, avales, costos de planes de pensiones, jubilaciones, etc.

Por lo anteriormente expuesto, se informa que al Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo, no le aplica el informe de Estudio Actuarial, ya que no cuenta con sistema propio de pensiones, en virtud de que a sus trabajadores se les proporciona la Seguridad Social (Salud y Vivienda) así como el esquema de Pensiones y Jubilaciones, a través del Instituto de seguridad y Servicios Sociales de los Trabajadores del Estado, por medio de la pagaduría a nombre del otrora Tribunal de Justicia Administrativa del Estado, de conformidad con el artículo Cuarto Transitorio, fracciones VI y VII del Decreto 002 por el que se reforman, derogan y adicionan diversas disposiciones de la Constitución Política del Estado Libre y Soberano de Quintana Roo a fin de salvaguardar y proteger los derechos laborales del personal de este Tribunal.

Lo anterior, en tanto se finalizan las gestiones ante el Instituto de Seguridad y Servicios Sociales de los Trabajadores del Estado, para que se registre a este Tribunal como patrón obligado y se incorpora la plantilla de este Tribunal en el sistema de dicho instituto, encontrándonos en el plazo de los 180 días contados a partir del día siguiente a la entrada en vigor de la Declaratoria de Inicio de funciones jurisdiccionales y administrativas del Tribunal que emita la Legislatura del Estado para la realización de los trámites administrativos a que haya lugar y así como para la emisión del reglamento interior, lo anterior de conformidad con el artículo Sexto Transitorio de la Ley Orgánica del Tribunal de Justicia Administrativa y Anticorrupción del Estado de Quintana Roo.

## I. INTRODUCCIÓN.

México ha entrado en una nueva perspectiva de prevención y combate a la corrupción, desde el año 2015 con la aprobación de la reforma constitucional anticorrupción. Con ella, el país busca construir una política de combate a este fenómeno basado en estándares internacionales y mejores prácticas. De ahí que su creación más importante, el Sistema Nacional Anticorrupción (SNA), tenga como principal objeto coordinar a las autoridades de todos los órdenes de gobierno relacionadas con la prevención, detección y sanción de faltas administrativas y hechos de corrupción, así como en la fiscalización y control de recursos públicos (LGSNA, 2015).

Derivado de la reforma a la Constitución Política del Estado Libre y Soberano de Quintana Roo, en donde se otorga a esta Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo la autonomía constitucional con personalidad jurídica y patrimonio propio con plena autonomía técnica, de gestión, independencia funcional y financiera, capacidad para decidir sobre el ejercicio de su presupuesto y determinar su organización interna, propicia reforzar nuestra independencia y capacidad suficiente para investigar y perseguir los hechos de corrupción de manera más efectiva, garantiza cumplir con el objetivo y nuestra misión de manera eficiente y eficaz. De igual manera en la reforma al artículo 96 de la Constitución Política del Estado Libre y Soberano de Quintana Roo se reconocen también las facultades ministeriales para esta Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo.

En este sentido que a través del presente Presupuesto de Egresos de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo para el ejercicio fiscal 2025, se presentan los componentes, elementos e indicadores que acreditan la congruencia del gasto asignado, coadyuvante en la lucha del ejecutivo como promotor de la transparencia como máxima publicidad en pro de la rendición de cuentas, búsqueda de servidores públicos íntegros y la destacada participación ciudadana como principal motor en la lucha contra la corrupción. Es en este mismo sentido que se consideran una serie de necesidades, programas y proyectos como parte de las herramientas en el combate a la corrupción en el estado de Quintana Roo, tomando en cuenta las metas anticorrupción establecidas en la Agenda 2030.

Este enfoque dirigido hacia todas las instituciones públicas busca desarrollar nuevos métodos y mecanismos de prevención y persecución de los delitos relacionados con hechos de corrupción, estableciendo un modelo que genere una cultura de lucha contra la corrupción y que atienda a todos los sectores de la sociedad y entes públicos.

Esta Fiscalía está consciente de la atención necesaria y oportuna a los delitos relacionados por hechos de corrupción, lo que atiende la necesidad de persecución penal de este fenómeno en el Estado, principalmente en los casos de gran corrupción, mediante el combate total y frontal. Por tal motivo este presupuesto busca atender las políticas de austeridad del gobierno federal y en el mismo gobierno estatal, en su Eje 5 denominado "Gobierno honesto, austero y cercano a la gente" a través de mejores prácticas administrativas que den como resultado eficiencia y eficacia en el manejo del gasto por cada peso que se considera devengar.

El proyecto de Presupuesto de Egresos de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo se elaboró conforme a lo establecido en la legislación local aplicable, en la Ley General de Contabilidad Gubernamental y las normas que para tal efecto emita el Consejo Nacional de Armonización Contable, con base en objetivos, parámetros cuantificables e indicadores del desempeño.

## II. EXPOSICIÓN DE MOTIVOS.

En cumplimiento a lo establecido en el Título Quinto, **De la Transparencia y Difusión de la Información Financiera**, el Capítulo II y III de la Ley General de Contabilidad Gubernamental, **artículos 5 y 18** de la Ley de Disciplina Financiera de las Entidades Federativas y Municipios, en relación con el **artículo 161** fracción III inciso e) párrafo segundo de la Constitución Política del Estado Libre y Soberano de Quintana Roo, **artículo 30** fracción XIV de la Ley Orgánica de la Administración Pública del Estado de Quintana Roo, **artículos 6, 16, 18, 21, 23 y 29** de la Ley de Presupuesto y Gasto Público del Estado de Quintana Roo, se presenta el Presupuesto de Egresos 2025 de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, está considerado por un monto que asciende a \$59,999,977 (Cincuenta y nueve millones novecientos noventa y nueve mil, novecientos setenta y siete pesos 00/100 M.N.).

Esta propuesta, se adecua a las bases de ejecución del Plan Nacional de Desarrollo 2019-2024, específicamente en el eje Política y gobierno enfocado en erradicar la corrupción, el dispendio y la frivolidad; así como en el Plan Estatal de Desarrollo 2022-2027, el cual se establece en el Eje 5 **denominado Gobierno Honesto, Austero y Cercano** a la gente, enfocado a las necesidades y requerimientos de esta Fiscalía Especializada en Combate a la Corrupción del Estado como un nuevo órgano autónomo del Gobierno del Estado de Quintana Roo, coincidiendo con un único objetivo que es el de hacer frente a los delitos relacionados con hechos de corrupción, armonizando con todas las instituciones que trabajan en el frente de esta batalla.

La corrupción es uno de los fenómenos que más afecta a la sociedad y permea todos los ámbitos de la acción gubernamental, lo cual preocupa a la sociedad, hecho que se ha visto reflejado en diversos Estudios, como son las **“ESTADÍSTICAS A PROPÓSITO DEL DÍA INTERNACIONAL CONTRA LA CORRUPCIÓN”**, misma que fue dada a conocer mediante el Comunicado de Prensa número 768/23 de fecha 06 de diciembre 2023, y que arrojó entre otros, los siguientes resultados:

- En 2023, 22% de las personas adultas mencionó que la corrupción es uno de los tres problemas que más le preocupan.
- Durante 2021, 19.4 % de los hombres y 10.3 % de las mujeres mayores de 18 años fueron víctimas de corrupción.
- 36.2 % de las personas adultas privadas de la libertad en 2021 fue víctima de corrupción en algún momento de su proceso penal.

De ahí que se hace necesario crear instituciones que realicen un combate de la corrupción de manera eficiente, en razón de ello, mediante el decreto 002 de fecha 18 de septiembre de 2024, fue menester, reconocer a la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, como un Órgano Constitucional Autónomo el cual a través de su titular y sus áreas administrativas y operativas, ejercerá el manejo independiente de personalidad jurídica, patrimonio propio, presupuesto y desde luego de libertad absoluta para la toma de decisiones.

Expuesto lo anterior, se hace necesario la expedición de una Ley Orgánica de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, que tenga por objeto establecer las bases para la integración, organización, atribuciones y funcionamiento de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, lo anterior, para el cumplimiento de las atribuciones y el despacho de los asuntos de su competencia que le confieren la Constitución Política de los Estados Unidos Mexicanos, la Constitución Política del Estado Libre y Soberano del Estado de Quintana Roo, la Ley General del Sistema Nacional Anticorrupción, la Ley del Sistema Anticorrupción del Estado de Quintana Roo y demás disposiciones aplicables en la materia.

En ese sentido, se considera necesario una serie de principios que regirán la actuación de todos los servidores públicos de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, tales como: la legalidad, certeza, independencia, imparcialidad, objetividad, eficiencia, responsabilidad, profesionalismo, honradez, transparencia, lealtad, disciplina y respeto a los derechos humanos.

Toda vez que esta propuesta está considerada en función de los actos y acciones que debemos emprender como ente de nueva creación y para que los resultados que nos proponemos alcanzar propicien mejores prácticas no solo en el servicio público sino también hacia la sociedad en el corto y mediano plazo.

Los elementos que se consideraron para la estimación de los recursos se sustentan con base en la planeación del estado, así como en la propuesta del proyecto de creación de esta Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo como responsable de atender los delitos relacionados con hechos de corrupción, las cuales tienen tiempos establecidos para su pronta ejecución, mediante la planeación estratégica en los programas y tiempos de trabajo que se pretenden ejecutar. De esta manera se pretende atender y lograr el mayor alcance e impacto en materia anticorrupción lo cual nos dirige como el principal objetivo para que se logren los compromisos planteados en el corto y mediano plazo.

**Serie Histórica 2019-2024 de resultados de los egresos (5 años).**

Respecto a la siguiente serie histórica, es importante mencionar que esta Fiscalía Especializada en Combate a la Corrupción desde su creación, en septiembre de 2017, se constituye en calidad de Órgano con autonomía técnica y operativa adscrita a la Fiscalía General del Estado, es en este sentido que como órgano desconcentrado de la Fiscalía General del Estado de Quintana Roo, los importes de presupuesto aprobado y ministrado a continuación, fueron considerados dentro del presupuesto de la Fiscalía General del Estado.

- **Congruencia con los Criterios Generales de Política Económica, de conformidad con el artículo 5 de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios.**

Considerando que, las proyecciones económicas que emiten fuentes de referencia confiables como lo es el Banco Mundial, y aunado a que las condiciones en las reservas federales bajen las tasas de interés, existe la probabilidad de nueva cuenta se presente una recesión económica mundial.

En lo que respecta a México, la Secretaría de Hacienda y Crédito Público (SHCP) prevé que las finanzas públicas se mantendrán sanas, en línea con el cumplimiento de las metas fiscales planteadas para 2024, y para 2025, se anticipa un escenario de consolidación fiscal con un balance primario positivo, y un nivel estable de la deuda pública como porcentaje del Producto Interno Bruto (PIB), como se ha observado en años recientes. Cabe destacar que la responsabilidad fiscal y el manejo prudente de la deuda pública de México han sido reconocidos por agencias calificadoras, inversionistas y organismos internacionales. Se plantea que este programa mantendrá la calificación crediticia, abonando a la certidumbre y la solidez del entorno macroeconómico de México. Los resultados proyectados estarán apoyados por el conjunto de acciones de eficiencia recaudatoria y fiscalización emprendidas desde 2019, tales como la eliminación de la compensación universal, la prohibición de las condonaciones de impuestos a nivel constitucional, la tipificación del fraude fiscal como delito grave y la incorporación de las prácticas de comercio digital al marco tributario, que seguirán contribuyendo a mantener la base recaudatoria y aumentar los ingresos presupuestarios.

En este contexto, las proyecciones para 2024 y 2025 toman como base el impacto de las políticas públicas descritas anteriormente, así como el desempeño de la economía mexicana, la cual ha acumulado tres años consecutivos de crecimiento por arriba de su promedio histórico. A este desempeño se añade un entorno laboral con sólidos niveles de creación de puestos de trabajo, bajo desempleo y salarios reales en aumento.

Hacia el cierre de 2024, se estima que el crecimiento de la actividad económica en México mantenga un buen desempeño, impulsado por el comportamiento del mercado interno, el cual continuará beneficiándose del aumento del empleo y los efectos permanentes del gasto en infraestructura y protección social. Si bien se espera un menor dinamismo del sector externo con respecto a 2023, los sectores con mayor integración comercial con EE.UU. podrían verse beneficiados por el impulso que han tenido la inversión extranjera y la manufactura, donde se ha visto una mayor construcción de plantas manufactureras dentro y fuera de este país. De esta manera, entre 2024 y 2025, las nuevas plantas comenzarán a operar a su máxima capacidad, lo cual implicará la creación de nuevas cadenas de valor que involucrarán a empresas mexicanas. Con respecto al escenario macroeconómico, si bien la inflación se ha desacelerado de forma sostenida, el pronóstico de cierre para 2024 se mantiene con respecto a la cifra estimada en el Paquete Económico 2024. Esto se explica por presiones en los precios de los energéticos, aunado a factores climatológicos adversos con impacto en los precios de productos agropecuarios, alimenticios y la mayor persistencia de algunos componentes específicos del Índice Nacional de Precios al Consumidor (INPC).

- **Estimaciones de las ministraciones a recibir por parte de la Secretaría de Finanzas y Planeación.**

El método utilizado para la proyección de los ingresos se sustenta con base en la planeación del estado, así como en la propuesta del proyecto de creación de esta Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo como responsable de atender los delitos relacionados con hechos de corrupción, las cuales tienen tiempos establecidos para su pronta ejecución, mediante la planeación estratégica en los programas y tiempos de trabajo que se pretenden ejecutar.

De esta manera se pretende atender y lograr el mayor alcance e impacto en materia anticorrupción lo cual nos dirige como el principal objetivo para que se logren los compromisos planteados en el corto y mediano plazo.

Es importante mencionar que se toma como referencia los documentos que amparan la experiencia obtenida como órgano desconcentrado de la Fiscalía General del Estado, la cual compromete la proyección para una ejecución adecuada de los ingresos atendiendo a los principios de austeridad y administración eficiente y eficaz por cada peso obtenido para el buen funcionamiento de las áreas requeridas, como una Fiscalía Especializada en Combate a la Corrupción del Estado del Estado de Quintana Roo con autonomía.

### III. FUNDAMENTACIÓN.

La corrupción es uno de los fenómenos que más afecta a la sociedad y permea todos los ámbitos de la acción gubernamental, lo cual preocupa a la sociedad, hecho que se ha visto reflejado en diversos Estudios, como lo es la **“ESTADÍSTICAS A PROPÓSITO DEL DÍA INTERNACIONAL CONTRA LA CORRUPCIÓN”**, misma que fue dada a conocer mediante el Comunicado de Prensa número 768/23 de fecha 06 de diciembre 2023, y que arrojo entre otros, los siguientes resultados:

- En 2023, 22% de las personas adultas mencionó que la corrupción es uno de los tres problemas que más le preocupan.
- Durante 2021, 19.4 % de los hombres y 10.3 % de las mujeres mayores de 18 años fueron víctimas de corrupción.
- 36.2 % de las personas adultas privadas de la libertad en 2021 fue víctima de corrupción en algún momento de su proceso penal.

De ahí que se hace necesario crear instituciones que realicen un combate de la corrupción de manera eficiente, en razón de ello, mediante el decreto 002 de fecha 18 de septiembre de 2024, fue menester, reconocer a la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, como un Órgano Constitucional Autónomo el cual a través de su titular y sus áreas administrativas y operativas, ejercerá el manejo independiente de personalidad jurídica, patrimonio propio, presupuesto y desde luego de libertad absoluta para la toma de decisiones.

Expuesto lo anterior, se hace necesario la expedición de una Ley Orgánica de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, que tenga por objeto establecer las bases para la integración, organización, atribuciones y funcionamiento de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, lo anterior, para el cumplimiento de las atribuciones y el despacho de los asuntos de su competencia que le confieren la Constitución Política de los Estados Unidos Mexicanos, la Constitución Política del Estado Libre y Soberano del Estado de Quintana Roo, la Ley General del Sistema Nacional Anticorrupción, la Ley del Sistema Anticorrupción del Estado de Quintana Roo y demás disposiciones aplicables en la materia.

En ese sentido, se considera necesario una serie de principios que regirán la actuación de todos los servidores públicos de la Fiscalía Especializada en Combate a la Corrupción del Estado de Quintana Roo, tales como: la legalidad, certeza, independencia, imparcialidad, objetividad, eficiencia, responsabilidad, profesionalismo, honradez, transparencia, lealtad, disciplina y respeto a los derechos humanos.

De esta manera la presente propuesta está considerada en función de los actos y acciones que debemos emprender como ente de nueva creación y para que los resultados que nos proponemos alcanzar propicien mejores prácticas no solo en el servicio público sino también hacia la sociedad en el corto y mediano plazo.

| <b>Problema 1.</b> Existen investigaciones de corrupción que no llegan a sancionarse.                                                          | <b>Causa 1.</b> Se ha evolucionado de la NO investigación a la investigación activa. Previo a la existencia de la FECC no existía registro de investigaciones de corrupción |
|                                                                                                                                                | <b>Causa 2.</b> Necesidad de acotar el concepto impunidad. Ya no es por falta de actuación de la FECC que no se sancione la corrupción.                                     |

De acuerdo con lo establecido en el artículo 10, fracción I de la Ley de Disciplina Financiera de las Entidades Federativas y los Municipios, en materia de servicios personales este Presupuesto se ve impactado en un crecimiento en comparación a lo asignado en el Ejercicio Fiscal 2024, en concordancia a las políticas del Gobierno del Estado de Quintana Roo para el ejercicio Fiscal 2025 este incremento se ve impactado de esta manera en razón de ser un órgano autónomo de nueva creación que requiere para el mejor desempeño de las funciones, atribuciones y competencias la contratación de personal y plazas de nueva creación.

A la luz de lo anteriormente comentado, resulta imperativo traer a discusión lo enunciado por el Decreto 02 expedido por la H. XVIII Legislatura del Estado Libre y Soberano de Quintana Roo, por el cual se reforman, derogan y adicionan diversas disposiciones de la Constitución Política del Estado Libre y Soberano de Quintana Roo, publicado en el Periódico Oficial del Estado en fecha 9 de Septiembre de 2024, dentro del cual se cimienta el decreto fundacional que da vida a la Fiscalía Especializada en Combate a la Corrupción como Órgano Constitucionalmente Autónomo, con la encomienda de alinear los preceptos constitucionales de transparencia y rendición de cuentas con los ejes rectores del Sistema Estatal Anticorrupción, con el propósito de atacar de fondo el antivalor punitivo de la corrupción, frenando actos que demeriten las instituciones de todo Estado de Derecho poniendo en el eje de la discusión, el correcto ejercicio de la función pública.

De ahí, la imperiosa necesidad de dotar a la Fiscalía de una autonomía técnica constitucional que le permita dotar de completa capacidad en la investigación y persecución de posibles hechos constitutivos de actos de corrupción como eje toral del anteriormente mencionado Decreto, para el cumplimiento de los fines anteriormente enunciados por la Legislatura Estatal, resulta necesario contar con los recursos necesarios plasmados en los anteproyectos de egresos que permitan dotar al recién órgano constitucional autónomo creado, de los recursos para salvaguardar las funciones básicas de investigación y persecución de delitos a través de las correctas remuneraciones a sus servidores públicos, mismas que deben de cumplir con los estándares de los Sistemas Nacional y Estatal Anticorrupción. El cumplimiento del fin mencionado permitiría consolidar la independencia y capacidad de acción de la Fiscalía Especializada en Combate a la Corrupción del Estado, garantizando así su efectividad en la lucha contra la corrupción, fortaleciendo así el Estado de Derecho. Dicha justificación se consolida al tenor de la política gubernamental de bienestar social, garantizando que los servidores públicos al servicio del Estado y más aquellos en tareas tan sensibles y torales para la construcción de los cimientos democráticos de nuestras instituciones puedan contar con remuneraciones justas y acordes a las labores que desempeñan.

Cumplimiento a la Fracción II del Artículo 10 de la Ley de Disciplina Financiera de las Entidades y los Municipios
